Prosecution and Defense Outline Sinclair Case

Government Prosecutor Says Connection Between Lease to Sinclair and Delivery of Liberty Bonds and Cash to Fall Will Be Shown—Defense Claims No Illegality.

Washington, April 10 (AP).—The charge that Harry F. Sinclair, lessee of Teapot Dome, gave Albert B. Fall a total of $233,000 in four payments "under circumstances of secrecy and suspicion" was made today by Owen J. Roberts in outlining the government's case against the wealthy oil operator who is accused of conspiracy to defraud the government.

The first payment, Roberts said was made of $233,000 in Liberty bonds. The second was $10,000 in cash, the third was $25,000 in cash, and the fourth was $25,000 in Liberty bonds.

Roberts said that the government further would show that the conspiracy was first hatched at Fall's New Mexico ranch when Sinclair, the cabinet officer and his counsel, J. W. Zevely, laid plans for getting control of the Naval Oil Reserve.

As Roberts got into his argument outlining what the government expects to prove by evidence, Sinclair sat back in his seat listening intently and watching Roberts closely.

The Prosecution's Claims.

The prosecutor said the government would prove among things the following:

"That in the spring of 1922, Sinclair delivered to Fall for Fall's use and benefit $233,000 of United States Liberty bonds; that these bonds were turned over by Sinclair to Fall under circumstances of secrecy and suspicion wholly inconsistent with good faith or with ordinary business dealing. No receipt was given; no written memorandum of the transaction was made; the bonds were brought to Washington by Sinclair in his privately-owned railroad car, and the ostensible purpose of the delivery was an alleged business transaction which had no basis in fact."

"That later Sinclair advanced to Fall, or in his interest, $10,000 in cash, and later $25,000 in cash, again without any receipt, without any record of the payment, without the drawing of a check or without any of the evidences of a business transaction.

"That still later Sinclair delivered to Fall $25,000 more in Liberty bonds under circumstances of great suspicion and secrecy; that this transaction was evidenced by a note given by Fall but this note was not given to Sinclair but was given to Sinclair's lawyer, Zevely, and that the bonds forwarded at this time were forwarded by Zevely to Fall's bank under circumstances which spell secrecy and an endeavor to hide the transaction."

Government to Show Motive.

Roberts said it would be the purpose of the government to supply by evidence the reason and motive for the transactions.

"This," he said, "will be found in the following items of the proof which will be laid before you:

"That no sooner had Fall been empowered by law to deal with leasing the Naval Reserve lands than he declared that he proposed to take full control and command of the matter himself and deal with it exactly as he saw fit.

"That the policy was declared in letters exchanged between Fall and Secretary Denby, then secretary of the navy, that no leasing should be done of Teapot Dome Naval Reserve in Wyoming.

"That within two months Sinclair and his counsel, Zevely, went to Three Rivers, New Mexico, where Fall was at home on a trip from Washington and discussed with Fall in his home the question of the possibility of getting a lease upon Teapot Dome.

"That Fall got back to Washington on the 27th of January, 1922; that he made a trip to New York on the 2nd of February, 1922; that a long and complicated proposition was received by Fall from Sinclair for a lease on Teapt Dome on February 3, 1922, containing many matters which Sinclair could not possibly have gotten except through conference with Fall.

"That in February, 1922, the drafting of a lease was begun, most of which drafting was done in the offices of Sinclair's counsel in Washington and not in the Department of the Interior.

Fall Handled Negotiations.

"That Secretary Fall handled the negotiations himself and did not allow his assistants to participate therein.

"That on February 28, 1922, Sinclair caused the Mammoth Oil Company to be incorporated to take the proposed lease.

"That on March 11, 1922, Sinclair submitted a formal proposition for a lease and that on April 7, 1922, the lease was signed, was locked away in Fall's desk drawer and kept secret until inquirers, including Congress, became persistent in their desire to know what had been done and the lease had to be given out."

Roberts then spoke of the high value Sinclair placed on the reserve, and of his buying up "valueless" placer claims so that he would be the only man able to surrender them to the government as a part of the Teapot Dome lease requirements. In order to put the deal over with Fall, he said, Sinclair was willing to pay a million dollars for the claims.

Wright Outlines Defense.

Canadian Floods Checked by Cold

Six Lives Lost and Large Property Damage Caused in Three Provinces—Priest Celebrates Mass for Congregation in Boats.

Montreal, Que., April 10 (AP).—Flood waters, which had taken six lives, four men and a mother and her babe, and caused large property damage in the provinces of Quebec, Ontario and New Brunswick, were receding today as cold weather settled down, checking seasonal melting of ice and snow.

Some suburbs of Montreal were still under water, caused by a huge ice jam in the St. Lawrence river, but conditions were improving.

A mother and her infant son were drowned in the swollen waters of a creek near North Bay, Ont., at the height of a blizzard as the husband rescued another son and vainly attempted to save them.

Railway service was near normal again. Several washouts on the lines of the Canadian National Railway in New Brunswick were expected to be repaired before nightfall.

Boats were used to take residents from their flooded homes in Longue Pointe, a suburb of Montreal, and a priest celebrated Mass there for a congregation which had assembled in boats which they moored to the church steps.

The power plant at North Bay, Ont., was again in operation and efforts to save the plant at Parry Sound, menaced by the bursting of a dam in the Seguin river, appeared to be succeeding.

The village of Kinmount was in darkness but residents were thankful that the bursting of the dam on the Burnt river which carried away its power house, had removed the flood danger for the present.

Dog teams and cutters again had taken the place of boats at Sault Ste. Marie, Lindsay, North Bay, Orilla and Cravenhurst as heavy snow fell and falling temperatures again froze over the swollen streams.

Former Governor John A. Dix Dead

New York, April 10 (AP).—John Alden Dix, governor of New York from 1910 to 1912, died last night at Harbor Sanitarium, where he had been a patient for three weeks. He was 67 years old.

A few days after he entered the hospital a blood transfusion operation was performed to relieve intestinal disorders and his condition was reported as greatly improved. Death was attributed to a heart attack.

Mr. Dix came to New York about a month ago from Santa Barbara, Cal., where he had made his home for the last few years. With him when he died were his sister, Mrs. Henry Coffin, of Glens Falls, N. Y., and her daughter, Miss Margaret Coffin; a nephew, Lawton Dix; Gertrude Dix and Mrs. Manlo Wiechers, nieces, and Mr. Wiechers.

For a quarter century Mr. Dix was prominent in the Democratic party in this state. In 1904 he was a delegate to the Democratic national convention in St. Louis. In the year of his election as governor he was chairman of the State Democratic Committee.

He was president of the Iroquois Paper and Pulp Company of Thompson, N. Y., and a director of banks in Albany, Glens Falls and Schuylerville, N. Y. He was born in Glens Falls on December 25, 1860.

4 Burn to Death In Chicago Fire

Chicago, April 10, (AP).—Four persons, a mother and her three children, were burned to death today, and four others were injured, when fire destroyed their home.

A policeman saw the smoke belching from the house of Leslie Whitaker in the northwest part of the city. After crashing in the front door he carried a woman outside and called the fire department.

Whitaker was found by the firemen wandering about the back yard, blinded by the flames. His wife, Elizabeth, 22, and his three children, ranging from 18 months to three and a half years, were dead.

The woman carried out by the patrolman was Mrs. Elizabeth Braxton, 62, of Warrensburg, N. Y., an aunt. Her burns, as well as those of Mr. Whitaker, may prove fatal. Others injured were Mrs. C. B. Whitaker, a grandmother, and Tobias Piff, 20, brother of Mrs. Whitaker.

KILLED WHEN AUTO IS CRUSHED BETWEEN TRAINS

Troy, April 10 (AP)—Rudolph Krause, 32, a farmer whose home was near the village of Buskirk, 18 miles north of this city, was fatally injured this morning when his automobile was crushed between two sections of a milk train. The train had been cut in two to permit automobiles to cross the tracks at Buskirk and as Krause drove his machine onto the tracks the engine backed up.

Krause leaves a widow and several small children.

Shooting Opens Chicago Primary

Kidnappings, Sluggings, Ballot Box Stuffing and Minor Disorders Also Mark Early Hours of Hot Contest—Poll Watchers Equipped With Cameras.

Chicago, April 10 (AP).—One shooting, several kidnappings, sluggings, ballot box stuffing and minor disorders were reported today less than two hours after the polls had opened at the close of Chicago's hottest and most bitteperative primary campaign.

The most trouble during early hours was reported from the Twentieth ward where hoodlums were reported chasing voters away from the polls. Detective squads and election officials were sent to investigate conditions.

A newspaper photographer, very indignant, said he had been beaten by two women election workers when he tried to take pictures.

Despite the reports of disturbances, mostly of a minor character, the election commissioners did not seem perturbed and stated there was no more disorder in the early balloting than in previous hotly contested elections.

The sun shone bright as more than a million voters started to the polls and election officials said that the fine weather, added to the interest in the campaign would result in a heavy Republican vote. Interest in the Democratic primary was not so intense because heads of the ticket were for the most part unopposed.

Committeeman Kidnapped.

R. B. Taylor, a Deneen precinct committeeman, was kidnapped and beaten by several men who forced him into their automobile as he was delivering ballots, beat him severely then shoved him out into the street.

At least one of the reported kidnappings fizzled out. Titus Haffa, for whom his headquarters hunted all night in the belief that he had been kidnapped, was found by one of the 80 detective squads touring the city, fast asleep in a Republican club in his ward.

Bombs, bullets, days of prayer, crime, Klan talk, and "America first" were ground into little x's today to provide Chicago's answer to one of her bristling primary campaigns.

Trouble Only in Chicago.

Throughout the state the voting was going on. Republicans and Democrats nominating their choices for state offices, for Congress, for United State Senator and for minor offices; but only Chicago felt it necessary to assign a large part of its police power to poll protection; to have scores of detective bureau squads cruising through precincts where trouble might brew; and to assign thousands of volunteer civilians, deputized for the day by the election commission, to protect against fraud.

Small Seeks Third Term.

For Governor Len Small today was a political Armageddon, for he stood before the Republicans of the state asking their endorsement of his seven years in office by renomination to a third term. In Chicago his lot was cast with the Republican faction led by Mayor Thompson and State's Attorney Crowe.

Louis L. Emerson, secretary of state, was Governor Small's opponent. He headed the ticket of that Republican group led by United States Senator Charles S. Deneen, the bombing of whose home a fortnight ago tore the sides out of the Chicago political situation.

For lesser state office there has been slight campaigning, except for the attorney generalship to which Oscar Carlstrom, Deneen candidate, seeks renomination.

Police Try to Protect Voters.

Police threw their entire strength today to the protection of the voters. All but a few officers were detailed to election duty, a uniformed policeman being on buty at each of the 2,690 Chicago precincts.

A novelty in the fighting of fraud was introduced with the equipping of several hundred volunteer voting place watchers with cameras. Pictures were to be taken of all persons whom the watcher believed might be a repeater. The films were to be promptly developed and prints made, providing irrefutable evidence of repeating, provided the films showed the same voter entering voting places in different precincts.

Noon Violence Record.

At noon the primary had become remarkably peaceful, considering the issues at stake.

The violence record at that hour stood:

Shot, one.
Kidnapped, four.
Beaten, three.
Boxes reported stuffed, eleven.
Hoodlums active, four.
Arrested, four.

FIRE DEPARTMENT CALLED OUT THREE TIMES MONDAY

Monday afternoon the fire department received a call for a fire on the Rosendale road, just outside the city limits and Chief Joseph L. Murphy sent two men with chemicals. Several barrels filled with road oil had ignited and set fire to some poles of the Postal Telegraph Company.

Monday evening about 11:40 o'clock the firemen responded to a call for a grass fire on Farrelly street.

A chimney fire at the home of Thomas Costello, 119 Greenkill avenue, called out the firemen Monday evening.

Ryan and Sleight Given Chance to Make Restitution

Sentence to Dannemora Suspended During Good Behavior—Colored Women Get 90 Days Each—Select Jury For Arson Trial.

Four defendants were sentenced in county court this morning and several others were arraigned. Following the arraignments District Attorney Traver moved the trial of the indictment against Mrs. Antoinette K. Hook of Third avenue, this city, who is charged with arson, third degree. It is charged that she set fire to her dwelling house recently.

Martin Ryan and Charles Sleight of this city, indicted some time ago for stealing telephone cable were in court and through their attorney, William H. Grogan, changed their former plea of not guilty to guilty to grand larceny. Judge Fowler sentenced the defendants to an indeterminate term in Dannemora, the minimum of which shall be one year and the maximum two years. Then on condition they make restitution he suspended the execution of sentence during good behavior. They have already made partial restitution and there remains but $125 to be paid. The complaining witness was willing that the court deal leniently with the two men. They will report to Probation Officer Service and through him complete the restitution. It was charged that they took telephone cable near Mt. Marion where the telephone company was erecting a line. Following a complaint from the telephone officials who missed a large quantity of cable the two were arrested by State Troopers who had been assigned to the case and who laid in wait for the thieves who had been helping themselves to the copper cable.

Get 90 Days Sentences.

Alice May Taylor, colored, was arraigned on an order issued by the court authorizing prosecution by information. She was charged with grand larceny, first degree, but was allowed to plead guilty to petit larceny. Chris J. Flanagan appeared for defendant and a 90 day jail sentence was imposed.

Eleanor Golden, also colored, entered a plea of guilty to assault third degree. She sought prosecution by information, having been held in city court for the action of the grand jury on a charge of assault, second degree. Judge Fowler sentenced her to 90 days in jail. Chris J. Flanagan appeared for her. Eleanor evidently expected to get off without any serious sentence for when the court imposed the 90 day sentence and she was being led from the court room by Jailor Grant Smith she made some very pointed remarks which were accompanied by some choice words. Wylie Cloud who had been held as a material witness was released.

The case of Otis Wells and Philip Pampinella were adjourned until later. Wells is charged with grand larceny and Pampinella with abandonment.

Charles Bennett, who entered a plea of guilty to abandonment on Monday afternoon had his case adjourned until April 23 at 2 o'clock. Bennett's case was moved for judgment by Mr. Traver this morning but after a conference he informed the court that he had no job and no money to support his abandoned children but he was willing to contribute toward the support as soon as he could get a job. In order to give him an opportunity to get a job his case was held open. It is alleged he abandoned his family in the town of Wawarsing.

Sentence in the case of George Barber, charged with abandonment at the town of Saugerties, was also adjourned until 2 o'clock in order to get certain information which the court desired before passing sentence.

The trial of Antoinette K. Hook was moved following her arraignment on a charge of arson, third degree. She pleaded not guilty through her counsel Francis C. Merritt who announced he was ready to go to trial immediately. Mrs. Hook can understand but little English and Bruno Matelski was sworn as interpreter. The selection of a jury proceeded.

SMITH AND REED FORCES READY IN OKLAHOMA

Oklahoma City, Okla., April 10 (AP).—Supporters of Governor Smith of New York and Senator Reed of Missouri were ready to start concerted drives from these Presidential candidates when the state Democratic convention here today turns to instructions for delegates to the party convention at Houston.

While state issues overshadowed discussion of Presidential candidates in pre-convention conferences, both Smith and Reed backers claimed to be in a position to draw support from both administration and anti-administration factions. A spirited debate also was forecast on the wet and dry issue.

SCHUMANN-HEINK GIVES ESTATE TO WAR VETERANS

Minneapolis, Minn., April 10 (AP).—Madame Ernestine Schumann-Heink, famous singer, announced last night she had given her estate at Grossmont, 14 miles from San Diego, Cal., to "her boys"—disabled war veterans of the World War.

Grossmont is near the sea, there is a 22 room house and there are orange and lemon groves and a vineyard.

McAdoo Will Support Walsh

Pays Lengthy Tribute to Montana Senator—Smith Calculations Upset in Utah by Uninstructed Delegation—Seventeen More Delegates Claimed for Hoover.

Washington, April 10 (AP).—Presidential politics advanced another big stride today with clarification of additional convention delegate leanings in two states and as many irregular proceedings, in which Hoover and Smith figured, and the bringing up to the front line of battle of more oral artillery for Walsh. By nightfall, three more states—Illinois, Nebraska and Oklahoma—were to know how they stood, at least partially, for nominees at Kansas City and Houston.

Hoover, now ahead in the race for the Republican presidential nomination, today could lay claim to perhaps 17 more convention delegates as a result of party conventions and other activity yesterday. Rhode Island's state meeting recommended the commerce secretary to its 13 delegates, the territorial convention of Hawaii instructed its two for him, and reports from Manila indicated the two Philippine delegates, chosen as uninstructed last February, now favored Hoover in event President Coolidge was not drafted.

Smith, leading in the Democratic bid for delegates, apparently was the only other of the dozen or more presidential aspirants to pick up support yesterday. The Utah state convention selected 16 Houston delegates, each with a half vote, without expressing a choice, although backers of the New York governor claimed all eight votes would be for their candidate. Utah's action was regarded as an upset, however, as Smith's supprters had counted on a straight out instructed delegation there.

Other Monday political developments brought a lengthy tribute to Walsh, Montana's entry in the June Democratic convention, by William G. McAdoo, who engaged in the memorable deadlock with Smith for the 1924 nomination and who heads the slate of Walsh delegates in California, and a decision by the Hoover forces to resume active campaigning in Ohio where his fight has been in abeyance since the death of his April 24 primary opponent, Senator Willis.

McAdoo, a son-in-law of the late President Wilson, in a letter to John B. Elliott, of Los Angeles, another of Walsh's lieutenants in California, described the Montana Senators as "one of the strongest supporters of President Wilson's administration," and said "There is no Democrat in public life today whose achievements entitle him to greater honors at the hands of his party."

Resume Hoover Fight In Ohio.

Representative Burton, veteran member of the House from Cleveland, and Representative Free, who represents Hoover's home district in California, are to take up the cudgels again for the cabinet officer in Ohio before the primary two weeks hence. Burton will make speeches at Youngstown Saturday night and next week expects to further the Hoover campaign at Canton, Springfield, Columbus, and possibly Toledo. Free will speak in Cincinnati and Columbus on dates yet to be decided.

The Result In Illinois.

Lowden, neck and neck with Hoover in the pre-convention struggle, looked to Illinois today to put him out in front again in the delegate contest. The former Illinois governor was the only Republican entered in that state's primary today and his managers expected to land at least 30 of the 50 district delegates. Eleven delegates-at-large will be selected later.

Smith's supporters had claimed most, if not all, of the 50 Democratic district delegates voted on in Illinois today, and also the eight delegates-at-large to be chosen later.

Contest In Nebraska.

In Nebraska, former Senator Hitchcock was entered in the Democratic primary and was conceded the "favorite son" support of the state's 16 delegates. There were two delegate slates in the Republican primary, one pledged to Senator Norris with Lowden as second choice.

Claim Oklahoma as Doubtful.

Democrats looked with interest today to the state convention in Oklahoma, where Smith adherents have claimed her 20 delegates for the doubtful column. Considerable activity had been seen there, however, in behalf of Senator Reed, whose nearby home state of Missouri is back of him with 36 delegates.

SUPPRESS VENEZUELA REVOLT WITH BLOODSHED

Caracas, Venezuela, April 10 (AP).—Several army officers were under arrest today after a military revolt, aided by students, against the Gomez government had been suppressed with bloodshed.

Since early in February there have been student riots on various occasions in the capital and on Saturday between midnight and dawn, a battalion of federal troops took up their arms to overthrow the government.

The mutinous troops were those of the garrison at Miraflores Palace, situated in the center of the capital and the home of President Juan Vicente Gomez. Captain Ramon Gonzalez, who remained loyal, was slain, and Colonel Anibal Garcia, sub-commandant of the garrison, who also refused to join the rebels, was mortally wounded.

Tells of Klan Reign of Terror

Witness in Pennsylvania Suits Tells Sensational Story of Organization of Band of "Night Riders"—Planned Church Burnings, Bombings and Assassinations.

Pittsburgh, Pa., April 10 (AP).—A sensational story of the organization of a band of "Night Riders" by the Ku Klux Klan, to conduct a "Reign of Terror" in Ohio, was told on the witness stand in federal court here today by J. R. Ramsey of Dayton, who described himself as a former member of the riders.

Called as a witness in the Klan injunction suits, Ramsey said the Night Riders were organized to burn churches and to carry out bombings and assassinations. He said the riders had bombed the West Dayton Klan Temple as a means of increasing the Klan membership in that district.

Ramsey testified a Klan chief in Ohio had issued orders to kill certain persons and that he (Ramsey) and other Klansmen were delegated to take a man to Bellaire and kill him. He said the Night Riders went out to "administer justice to the offending citizen," and that he was taken to Bellaire. Ramsey said he refused to obey orders to kill the man and brought him back alive. Ramsey named a "Mr. Bronson" as a member of the Ohio grand dragon guard and the Night Riders.

Van A. Barrickman, a defendant in one of the suits and counsel for the five ousted Klansmen who seek a receivership for the Klan in this state, asked Ramsey if he had any knowledge of Imperial Wizard Hiram Evans sending a carload of Klansmen into Mexico to stir up trouble between the United States and that country. The question was ruled out on an objection by John H. Connaughton, Klan attorney.

Wizard Blames Smith Forces

Klan Head Claims Internal Dissention Is Result of Their Activities—Believes Smith Will Be Nominated But Not Elected.

New York, April 10 (AP).—The New York Herald Tribune today says that Dr. Hiram Wesley Evans, imperial wizard of the Ku Klux Klan, is in New York city looking over the political situation, especially in reference to the Presidential candidacy of Governor Alfred E. Smith.

The newspaper quotes the Klan leader as blaming the forces of Governor Smith for internal dissention in the Klan such as has led to court action in Pittsburgh.

"Why for two years, brother," Dr. Evans is quoted as saying, "wherever a disgruntled Klansman could be found there has been money available for him to stir up what trouble he could, and the directions for spending it all have been postmarked 'New York.' It is perfectly plain that fear of the Klan's opposition has led the Smith machine to try to disrupt us before this 1928 campaign should come along. That is what is behind this Pennsylvania trouble. They tried to mess with my machine down there but I took a few little steps, moved a man here and there, and now we're stronger than ever. Wait and see."

The imperial wizard asserted the Klan prevented the nomination of Governor Smith in 1924 but said the New York governor had a good chance this year of being nominated but would fail of election to the Presidency.

He refused to "dignify" with comment the Pittsburgh trial in which affidavits taken charge him with murder, swindling, assault, kidnaping, lynching, inciting to riots and other lesser crimes.

Held for Action of Grand Jury

William Hohenberger of Cedar street, waived examination in police court this morning and was held to await the action of the grand jury by Judge Shufeldt. Hohenberger was arrested on a warrant sworn out by I. O. Feldstein of this city, charging Hohenberger with the theft of merchandise. Hohenberger, who is 19 years old, was employed on a truck that was engaged to remove the merchandise from Feldstein's store on Broadway to his home January last and it is alleged that the goods were stolen at that time. The merchandise was found in Hohenberger's trunk in New York when he was arrested as he was about to sail for Germany.

ARMY OF FROGS COMPELS AUTOIST TO SLOW DOWN

Malone, N. Y., April 10 (AP).—For nearly a mile the state highway which parallels the Salmon river just outside this village was carpeted last night with frogs of all sizes, according to Miss Anna Lapine, a stenographer in the United States Customs office here.

Miss Lapine said the frogs were all moving across the roadway from the river, and were so numerous as to be two or three layers deep in places. At first, she was able to avoid them with her car, but as the number increased, she was forced to slow down to avoid skidding.

Thousand Boy Scouts Expected At Powwow Here

Annual Affair of Boy Scout Councils of New York and New Jersey Will Be Staged at Forsyth Park on May 18, 19 and 20.

On May 18, 19 and 20, approximately a thousand Boy Scouts from the counties of New York and New Jersey will hold a powwow at Forsyth Park in this city.

A powwow is an annual affair carried on among the Boy Scout Councils of New York and New Jersey, comprising region two of the National Council, having demonstrations and contests in keeping with the growing program.

The Scouts gather under adult leadership, make their own camp and cook their own meals. The local council furnishes the brick for building the fireplaces for cooking, wood for fires and straw for their mattress ticks. The boys use pup tents, sleeping two in a tent. It is expected that there will be five or six hundred tents comprising the camp. The boys pay a registration fee which covers the cost of food and other supplies.

Already more than two dozen councils have accepted the invitation of the Ulster County Council to participate in the powwow. Schenectady will bring a scout band of thirty pieces besides a troop of thirty-two scouts. Albany will bring a band and a troop. The Dutchess county delegation will also have a scout fife and drum corps. Atlantic City has an organization of Eagle Scouts known as the Knights of Dunamis, who are planning to come. Greene County Council is planning to bring a troop of Indian Scouts. Besides these other councils will come prepared to put on special demonstrations. There will be a big parade on Saturday morning. The contests will take place on Saturday afternoon. The public will be especially interested not only in the parade and contests but in the camp fire programs on Friday and Saturday evenings. Chief Scout Executive James E. West and Regional Scout Executive Gilbert H. Gendall will be present at the camp fire on Friday evening. It is hoped that Daniel Carter Beard, the most spectacular figure in scouting and one who has thrilled the boys of the past generation with his stories and pictures, will be present.

There is no admission charged to any part of the program. The public is cordially invited to all events and to inspect the camp.

The following is a list of the officials having the powwow in charge: Clarence Dumm, chief director; Chester Hall, chief of staff; F. N. Hinds, director of events; E. W. Hathaway, director of camping and grounds; S. J. Messinger, director of supplies; A. J. Burns, treasurer of powwow; J. M. Fowler, chief of judges; Edward J. Luedtke, camp adjutant; Chief J. Allan Wood and Sergeant Cunningham, public safety; Dr. William J. Cranston, Dr. A. C. Gates and Dr. F. L. Eastman, camp inspectors, and Max L. Reben, director of publicity.

A meeting of the executive committee and the directors named above will be held in the Chamber of Commerce rooms on Wednesday evening, April 11, at 8 o'clock, for the purpose of completing the organization and arranging details.

ADVISES AGAINST D. & H. ABANDONMENT PLAN

Washington, April 10 (AP).—A recommendation against the Delaware and Hudson's attempt to abandon its Honesdale branch in Pennsylvania was made today to the Interstate Commerce Commission.

O. D. Weed, examiner assigned by the commission to investigate the proposal, reported that the 27 miles of line between Carbondale and Honesdale, which the Delaware and Hudson seeks to abandon, is necessary for heavy freight service. He advised the commission to permit the company to cease passenger train service but to require it to maintain freight service over the line with coaches attached to freight cars to meet such passenger traffic as may exist.

The railroad's program for abandoning the branch met strong opposition from community interests along the route, the report further indicated, and was likewise opposed by the Pennsylvania Public Service Commission.

RECOVER STOLEN GEMS AFTER TRAFFIC ARREST

New York, April 10 (AP).—Ignorance of New York's traffic regulations today had led to the arrest of three New Jersey men and the recovery of $15,000 to $20,000 in stolen jewelry and uncut stones.

When the three men turned their car the wrong way into a one way street last night a traffic policeman halted them. They were arrested when unable to answer questions satisfactorily. A bag containing the jewelry later was found in the back seat of the car.

The men gave the names of Arthur Tutela, 29 years old, Frank Cundari, 50, both of Newark, and Charles Rice, 27, of Belleville, N. J. Newark police, notified of the arrest, came to New York this morning and identified the jewelry as that taken from the safe of Uffardi Brothers sometime over the week end, loss of which was discovered yesterday morning.

HOME SERVICE OPENS NEW SPRING SERIES OF CLASSES

A new series of classes is to be opened Tuesday night at 7:30 and Wednesday afternoon at 2:30 in the Home Service Auditorium of the Central Hudson Gas & Electric Corporation at 3 Field Court. The lessons will vary somewhat from the previous lectures in that whole menus will be demonstrated and discussed, which will aid the housewife in planning her meals during the spring and summer months. It is the aim of the course to make meal selection and preparation easier and to point out the essentials of good health.

"Breakfast for You" will be the subject of the Home Service lesson to be demonstrated by Miss Nellie Davenport this week. The housewife will be afforded the opportunity of obtaining some new suggestions for breakfast. This subject is the first of the spring schedule, the program of which is as follows:

Week of April 9—"Breakfast for You".
Week of April 16—"Covered Dish Lunch".
Week of April 23—"Everyday Dinners".
Week of April 30—"Dinner Parties".
Week of May 7—"Sunday Evening Suppers".
Week of May 14—"Afternoon Teas".
Week of May 21—"Parties".
Week of May 28—"Picnics".
Week of June 4—"Jelly Making".

To those who attend seven out of the nine classes and who report on recipes tried in the home of those received in class, a certificate and a gift is awarded. The certificates and awards are to be given out to the ladies who earned them during the last term at this week's classes

All the ladies of the community are invited to attend these classes which are given free of charge.

"Beautiful smooth skin wins instant response"

says F. W. Murnau
FOX FILMS
director

PEOPLE respond instantly to the loveliness of beautiful skin. Every star knows this—they take the utmost care of their skin.

"For in the close-up only the skin of naturally flawless beauty can stand the pitiless search of glaring lights—even slight make-up is apt to show.

"I have observed that the girls who attain success in the films have skins of amazing smoothness." . . F. W. Murnau.

A STAR in Hollywood guards her skin carefully—youthful "studio skin" means even more to her than it does to other women—it means her life, her career. And in that city of youth, nothing is watched more jealously than this loveliness of skin.

Nine out of every ten stars use Lux Toilet Soap. It cares for the skin the true French way. Lux Toilet Soap is made by the very method France developed and uses for her finest toilet soaps.

All the great film companies have made Lux Toilet Soap the "official" soap provided for their studio dressing rooms.

You, too, will delight in the instant caressing lather of this lovely new soap. Get some today—enjoy the caressing fragrant lather you so loved in French soaps but for which until now you had to pay 50c or $1.00 a cake. You will find it for just 10c wherever toilet soap is sold. Lever Bros. Co., Cambridge, Mass.

Nine out of ten stars use it!

18 Witnesses In Knapp Case

Syracuse Well Represented As Grand Jury Takes Up Charges Against Former Secretary of State—Miss Egan Appears.

Albany, April 10 (AP).—Eighteen witnesses were prepared today to testify before the special grand jury investigating former Secretary of State Florence E. S. Knapp's administration of the 1925 state census. The jury, opening its second session, first listened to routine testimony of several employes from the state comptroller's and the secretary of state's offices.

Among the witnesses who appeared at the Albany county court house early in the day was Elizabeth F. Egan, of Syracuse, former assistant census supervisor for Onondaga county. Early last week Miss Egan was reported to have disappeared from her home and office in Syracuse when process servers were seeking her. She announced later, however, that she had been on a motor trip to New York city and would appear this week.

Syracuse, Mrs. Knapp's home city, was well represented among the other witnesses. The Central New York group included Henry C. Squyer, a close friend of Mrs. Knapp, and in charge of census tabulation at the Albany office; H. G. Hawthorne, T. M. Figary and J. R. Cain. The connection of these last three with the case was not revealed.

Several other associates of Mrs. Knapp during the census also were present. They included Mark Stern, of Schenectady, former first deputy secretary of state; Sara E. Lamb, of Utica, former secretary to Mrs. Knapp; John K. Marshall, stenographer in the State Senate and former confidential secretary to Mrs. Knapp, and Anna A. Little, former auditor in the department of state.

The State Civil Service Commission was brought into the grand jury's investigation for the first time today in the presence of George R. Hitchcock, secretary of the commission. Prior to the morning session, he held a lengthy conference with prosecuting officials.

One of the earliest witnesses to take the stand today was John A. Fletcher, treasurer of Middlebury College at Middlebury, Vt., where Clara Blanche Knapp, stepdaughter of Mrs. Knapp is employed. Mr. Fletcher's testimony was understood to have dealt with the continued presence of Miss Knapp at the Vermont institution while she was supposed to have been working on the census. Testimony brought out at the Moreland Act investigation last November was to the effect that a check for $2,850 made out to Miss Knapp was used to pay for furniture and wearing apparel obtained from the E. W. Edwards and Sons department store at Syracuse.

Julia M. Ryan, former chief clerk of the payroll division of the Civil Service Commission, was the next witness. Miss Ryan's prosecution on criminal charges was recommended by Moreland Commissioner Randall J. LeBoeuf Jr., in connection with her alleged certification of false census payrolls.

While Miss Ryan was on the stand, Lafayette B. Gleason, secretary of the Republican State Committee, who was director of the census, reported at the courthouse in answer to a summons. He was second in charge of the enumeration under Mrs. Knapp, and was expected to testify, as he did at the Moreland inquiry, regarding details of the taking of the census. At the Moreland investigation Mr. Gleason brought in the name of Patrick Hogan, recommended for census work by Mayor Walker of New York. Mr. Hogan later testified that he had been unable to find Mr. Gleason, and that he had done no work on the census, although he was regularly paid.

"It's peculiar that I should appear on the scene just when the newspapers announce that the identity of the 'chief devil' in this case is being sought," Mr. Gleason told newspaper men. The "chief devil" angle of the case was brought up by Dr. Walter Laidlaw secretary of the Cities Census Comittee, while he was on the stand at the Moreland inquiry. The mystery figure was said to have been some prominent Republican official responsible for many of Mrs. Knapp's official acts.

GERMAN PLANE PREPARES TO START FOR NEW YORK

Baleonnel Airdrome, Irish Free State, April 10 (AP).—The German plane Bremen is expected to start for New York in forty-eight hours, Colonel James Fitzmaurice, co-pilot, told The Associated Press correspondent this morning.

At that time local weather conditions were none too favorable for a hop off and the plane will not start its flight today.

The decision to postpone the flight last week when flying conditions over the Atlantic seemed to be ideal was held to be justified when advices received from New York described a wild storm on the mid-Atlantic which delayed and damaged big liners and through which no plane could have passed safely.

Quake Recorded at St. Louis.

St. Louis, April 10 (AP).—An earthquake of moderate intensity about 860 miles from St. Louis, was recorded on the St. Louis University seismograph today. The first phase started at 10:51 a. m. and the second at 10:53. Dr. James B. MacElwane, seismograph, said direction could not be determined but probably was either northwest or southeast.

Prosecution and Defense Outline

(Continued from Page One.)

counsel conferred briefly and Daniel Thew Wright, speaking without a prepared argument, outlined the defense.

"My adversary has been able to give you so little information that we hope to give you facts that will aid you in reaching your decision," said Wright. He outlined the mining laws and oil and mining leases that were in force before the Teapot Dome lease was negotiated, and sought to show the placer claims in the Teapot Dome reserve were not valueless as Roberts had maintained.

In 1910, he said, the Pickett act providing for executive withdrawal of public lands from public entry, was passed by Congress and the policy of oil and land leasing was inaugurated. The Pickett act, he said, reserved to persons' locations already proved upon land withdrawn from public entry by executive order.

In 1915, Wright said, a part of this Salt Creek field in Wyoming was designated as a Naval Reserve.

Denby Proposed Change.

Wright said that Fall and Secretary Denby, of the Navy, Department, had met on their way to a cabinet meeting in 1921, and that Denby then proposed changing the jurisdiction over the Naval Oil Reserves from the Navy to the Interior Department. The attorney quoted Denby as having said:

"I'm going to ask the President to put you in charge of these oil lands."

This was put up to President Harding that day, said Wright, with the result that the President orally instructed Fall to initiate a move for a transference. The reason given by Denby for his proposal at that time, said Wright, was because the Navy Department lacked the men and organization to administer the affairs of the reserves and that the Interior Department was equipped through such bureaus as the geological survey.

"Secretary Fall reported in full to the President," said Wright, "concerning the leasing of 22 wells in California to Mr. Doheny. This was in May, 1922, and he wrote to Mr. Doheny on the same day."

TWO WEST POINT SOLDIERS DEAD, ONE A SUICIDE.

West Point, N. Y., April 10 (AP).—Private Louis E. Brown, of the service detachment of the United States Army, committed suicide by shooting himself on the Polo Flats here today. Brown had been in the Army for nine years. No motive for the suicide was suggested by Army authorities.

Corporal Wellborn, of the motor transport corps, was found dead in bed here today, with a partly consumed bottle of what Army authorities said was gin, beside his bed.

Will Approve Tunney Bout.

New York, April 10 (AP).—The State Athletic Commission today announced it would approve the Gene Tunney-Tom Heeney heavyweight title match as soon as the contracts of the two fighters have been placed before it by Tex Rickard.

DAWES SECOND CHOICE OF WILLIS DELEGATES

Cleveland, Ohio, April 10 (AP).—The name of Charles G. Dawes was thrown into the Ohio presidential delegate campaign today following the announcement of Ralph D. Cole, of Findlay, that he and 33 other Willis candidates for delegates would vote for Dawes "if and when the opportunity presented itself."

Cole and the 33 delegates are pledged to former Governor Frank Lowden, of Illinois, for first choice but if they see he has no chance for nomination, Cole said they would switch to Dawes.

$16 FOR LICENSE WHEN CERTIFICATE IS PRESENTED.

License fee for Ford trucks has been fixed at $24 unless weight certificates accompany the application showing that the weight of truck does not exceed 2,000 pounds. When such certificates are presented to the local automobile bureau the fee will be $16. Because of false statements that the truck for which a license is wanted did not weigh more than one ton, when it weighed more, the State Motor Vehicle Bureau has made the ruling as to bringing a weight certificate.

Car Overturns on Hurley Road.

A Star sedan, said to be owned by a negro named Armstrong of the downtown section of this city, was considerably damaged Saturday when it overturned on the Hurley road, near the Snydam farm. The driver and a companion, who were unhurt, did not know of the sharp turn in the road at the point and crashed through a fence.

FORD TO UTILIZE HEAT FROM GARBAGE DUMP FIRE

London, April 10 (AP)—Henry Ford has discovered a London garbage dump which has been burning for a thousand years or so and has set himself the task of working out a scheme by which these fires may be utilized. Incinerators may be installed and the heat used to create steam.

The dump, about fifty acres in area, is near a Ford factory site at Dagenham, Essex, fifteen miles from London.

"This dump goes back to prehistoric times, I gather from a visit there," Ford said. "Those fires have been burning away, wasted absolutely, through all these centuries. I would like to see them working for man."

SULLIVAN COUNTY MAN WAIVES EXAMINATION

John W. Campbell, proprietor of the Arcade Hotel, Liberty, Sullivan county, waived examination to appear before the federal grand jury on a charge of possessing liquor preferred by federal agents, when arraigned before U. S. Commissioner A. C. Connolly at 2 o'clock this afternoon. Campbell was arrested on March 18.

CHICAGO'S TYPE OF CRIME.

The average American, whose ear and mind are drilled to the continuing news of violence and corruption, is likely to accept the accounts of crime in Chicago with some grains of salt. He knows that other cities have graft, murder and occasionally a bomb, and it may escape his attention that Chicago not only has these but what appear to be military force behind them, and that bombs are employed in the Queen of the West as campaign arguments. But even these inattentive average Americans can hardly fail to be shocked into taking notice on reading the accounts of Dudley Nichols in the New York World.

According to this inquirer crime in Chicago is peculiar by reason of its close association with politics. He points out that, although 112 bombings took place there last year and 31 already this year, so far there has not been a single conviction for such outrages. "Of continuing gang murders," with an "enormous" total, "you can count on one hand the number who have paid the penalty." He tells further of liquor selling with a regular scale of prices for the "fix" required by local officials, and of the feud between these and the federal prohibition authorities, a make-believe feud only, with the former denouncing the latter as "a bunch of gun-toters from New York's east side." Chicago's crime, in a word, has an individuality all its own.

THE 24 HOURS OF STUDENTS.

There is a rather wide impression that only a small number of "grinds" in college "burn the midnight oil" in study, and that the great majority of students either spend the best part of the night in questionable revelry or are forced to get needed sleep by the physical fatigue of athletics. Like a good many other vague, popular impressions, this one needed revision and has received it through careful inquiries into the division of their time by college students. According to the latest of such inquiries, at the University of Idaho, just published, the average time spent in sleep—estimated from the records kept by 100 students—is no less than eight hours and 20 minutes, which is as much as anxious parents, physicians and even "beauty specialists" could desire.

It is further stated that three hours and 45 minutes are spent in recreation, this including not only "dates" and "entertaining" but "shopping" and "just talking," the last named more in vogue among the girls than the boys. Thus sleep and recreation cover half of the 24 hours. Of the other half five hours and 50 minutes are devoted to study and class attendance, and one hour to other work, "chores" included. The remaining five hours are taken up with other activities, including one hour and 35 minutes for eating; one hour and 25 minutes for "personal activities," 15 for correspondence, 25 for going to and from town, and 10 for "religion." No time appears to be given to meditation, unless a little of it comes into the 10 minutes of "religion." Only six hours for study and class attendance may seem rather too little, but many of us give no more to office, shop and business, and on the whole the showing is a reassuring one.

TRADE AND THE FLAG.

The old saying that trade follows the flag is obviously of British origin and based on British experience in the world-girdling colonial empire. Today it might be nearer the truth to say that trade commands the flag and puts it in second place. Many events of recent date tend to show that there has been such a modification, one of which is the refusal to permit the production of the film "Dawn" in England and the effort to prevent its production in this country. In both cases the arguments accompanying the proposition appear to be evasive. The film may offend Germans and German-Americans, thus adversely affecting the good feeling that has been so rapidly restored, and this is delicately referred to; but the effect on trade is not mentioned, although this is plainly the question at real concern.

It seems that "Dawn" depicts the execution by the Germans of the British war nurse, Edith Cavell, a name now associated with all the highest aspirations of the Allied countries and of the United States no longer than ten years ago. Granted that "Dawn" may open old wounds and stir the embers of slumbering passions, granting even that war propaganda dealt in "German atrocities" with sometimes but a flimsy hand and sometimes with none at all, shall history be dumb and all the World War ideals be handed over to oblivion merely in the interests of a "good feeling" that has been industriously cultivated mainly for the sake of trade? This question has confronted both Great Britain and the United States during the last few years, and upon its desirable answer more depends than average citizens—to say nothing of the one-idea industrialists—are apt to suppose.

PENALTIES OF OVERWEIGHT.

Although I write frequently about the terrible results of undereating in young girls because it leaves them open to attacks of tuberculosis, yet they are about the only human beings who are really undereating.

It is unfortunately only too true that as a people, particularly middle aged people, we are eating too much food and taking insufficient exercise.

All our research men and our insurance statisticians tell us that if we would but consult the tables which show the result of overeating we would be a more temperate race.

As you know the life span has been lengthened because of the great saving of babies at birth and during the first year. Yet our middle aged folks do not have as long an expectation of life as did our forefathers.

Why?

For the most part because of this matter of overweight.

Overweight predisposes to diabetes, to high blood pressure, to gall stones and to heart ailments.

It makes the surgical patient a poorer risk.

Overweight also causes much of the foot trouble because of the extra weight on the small bones of the feet which sustain the weight. As you know, if your feet hurt you it means that you must be on them less.

Less time spent on the feet means less physical exercise in general. Further, as mentioned before, most of us earn as much money with our feet as we do with our heads. Overweight then can be a serious matter from the standpoint of the feet.

Statistics show that 50 per cent of the patients with high blood pressure are overweight, 70 to 80 per cent of patients with diabetes are overweight, and that nearly 90 per cent of the gall stone cases in the Presbyterian Hospital in New York gave a history of having been overweight.

These figures prove that a matter of say five or even ten pounds seem to make little if any difference in death rates of insurance policyholders, whereas fifteen to twenty pounds sends the rate up 16 per cent, twenty-five to forty pounds sends it up 27 per cent, and fifty to eighty pounds 50 per cent. Remember a little extra weight is all right, as a sort of reserve, but above this the penalty to health and life is severe.

TWENTY AND TEN YEARS AGO.

April 10, 1908.—Lyric Theatre opened on the Strand.

Miss Ann Cutler of Hasbrouck avenue and a girl companion, had a narrow escape from death at Broadway railroad crossing.

April 10, 1918—Heavy wind storm on Hudson river caused all the tows to tie up for the night.

Annual Shriners' Ball netted the Industrial Home $972.95.

Methodist Conference returned the Rev. T. H. Baragwanath to St. James M. E. Church, the Rev. George M. Cranston to Clinton Avenue M. E. Church, and the Rev. P. C. Weyant to Trinity M. E. Church.

Wind, rain, sleet and snow storm broke over Kingston during the night.

Measurement of Time Vague Among Savages

Strange methods of counting time are in vogue among savage and semi-civilized peoples, and often the scarcity or abundance of rations serves to measure the year. Thus, in Alaska, one month is known as "people gnaw belts," for at that time seals and fish are particularly scarce and the tribes are often on the verge of starvation. In Dahomey, French West Africa, the year is divided only into the times of planting and eating maize, of planting again, and of harvest.

The Polynesians have a "month of grumbles," the time of little food, rainy weather, smoking houses, watering eyes and constant quarrels. Among more primitive races the measurement of time is even more vague. The chief of a Pacific island may reply, when asked how long his house has been standing, that it has existed for only two smallpox epidemics.

These methods of distinguishing the seasons, it is said, are akin to the inability of primitive peoples to count. There is a saying in Denmark that all who desire to remain perpetually young should go to Greenland, where they will never be more than twenty years old. No native of Greenland can count above 20, it is said.—Detroit News.

SHIFTING CARGO CAUSES BARGE TO OVERTURN.

A barge loaded with 12,000 bags of cement overturned while docked in the Hudson river between 48th and 49th streets, New York city, Sunday night and was blown by a stiff wind out into the channel. Two New York Central tugs and a police boat towed it back to its mooring place.

The captain of the barge, whose name could not be learned, had left the boat about 9 o'clock. It was not known whether he had returned to his barge, on which he lived alone.

It is probable that the barge overturned when the cargo of cement shifted. The barge, which was known as the Jack, was owned by Schoonmaker-Connors Company of No. 17 Battery Place. It was planned to attempt to right the barge as soon as possible to make sure that the captain had not been in his cabin when it overturned.

GENERAL ELECTRIC
Refrigerator

All machinery needs oil—but each General Electric Refrigerator has its own *permanent* supply. Inside the steel casing there is sealed *every bit of the mechanism* of this remarkable refrigerator. And, with the machinery, there is all the oil it will ever need.

This is only one of the many advantages of the General Electric Refrigerator. It has no belts, fans, or drain-pipes. It has no mechanism inside, underneath or in the basement. It is almost as portable as a fan—can be plugged into any convenience outlet. It uses very little current to make all the ice you need and keep the temperature always below the 50° danger point.

You will want to study these unusually quiet, generously roomy, strongly built refrigerators. You are cordially invited to come in. Compare them with all others before you decide. And remember, they are the product of fifteen years of research in the General Electric laboratories—and are guaranteed by General Electric.

Sold on time, if you prefer. Send today for an interesting, completely descriptive booklet.

LOOK TO THE FUTURE
WILL GRAY HAIR KILL YOUR CHANCES?

A WOMAN is as old as she looks—and nothing ages her so much as gray or streaked and faded hair. Once normal color begins to go, *Nature* never repairs the damage. Young girls often suffer from this *withdrawal of coloration* as much as elderly women. There is no chance that the natural color will ever *grow back*—but the really youthful woman knows that L'Oreal will take up the duty Nature has laid down. She does not worry for fear gray hair will kill her chances!

L'Oreal stands between you and premature ageing!

L' Oreal Rapid 1, for hair that is turning, but has much of its original color. Is quickly applied; immediately effective. 6 shades. Unaffected by sun or water. (Send coupon for free sample.)

L'Oreal-Henné, for much gray hair. Contains Vegetable Henna and other harmless ingredients which give the full color of nature. Permanent, even, easy to use. (Not sampled.)

L'Oreal-Henné Shampoo—(From Paris) gives a sheen and fluffiness to the hair, contains a beneficial amount of Henné, (Not a Dye). (Not Sampled.)

Consult your mirror to decide which you need. Comes in 15 shades, blonde to black. Then get L'Oreal at your hairdresser or druggist—and forget the threat of premature grayness!

L'Oreal products are guaranteed harmless.

Damage Slight As Dam Bursts

Barrier Owned by Paper Company In Vermont Gives Way—Resultant Wave Does Not Seriously Affect Existing Flood Conditions.

Wells River, Vt., April 10 (AP)—A bursting dam at Gilman, 25 miles north of here, caused passing alarm early today but aside from a short lived rise in the already swollen waters of the Connecticut river, was not believed to have had serious consequences.

The dam, the property of the Gilman Paper Company, extended across the river between 200 and 300 feet and was about 20 feet high. Late yesterday afternoon the water had risen to a point nine feet above the top of the dam wall or two feet higher than during the disastrous floods of last November.

The barrier went out shortly before midnight but because of the already swollen condition of the river immediately below it, the resultant wave was not thought to have seriously affected the situation.

A check at Barnet, ten miles above here, and Ryegate, six miles to the north, showed that although the river rose between 10 and 11 inches shortly after the Gilman dam broke, the water quickly receded and early today was no higher than late yesterday afternoon when the danger stage was considered to have been past.

Some apprehension was felt for farmers adjacent to the river banks between Gilman and Barnet but they were known to have been on the alert for the past two days because of the flooded condition of the Connecticut due to the unseasonable warmth of last week. Many farmers had removed their household goods and livestock to safety.

Both Lunenberg in the town of Gilman and Barnet are situated considerably above the bed of the river and for that reason had little to fear from the dam, it was said.

SHANDAKEN

Shandaken, April 9.—Charles N. Wheaton of Nutley, N. J., A. Clarence Hegeman and W. T. L. Armstrong of New York city, members of the Rip Van Winkle Club in this place were visitors here the past week-end.

W. E. Riseley and family of Crexkill, N. J., and J. Kennedy and wife of New York are spending the Easter vacation in their summer homes here.

Miss Helen Knight, who is attending high school at Marlbohough, is home here.

Mr. and Mrs. Sidney Bowser of Tenafly, N. J., Mrs. Mary Jansen and Mrs. Thomas Jansen of Lanesville were guests of Mr. and Mrs. C. E. Wood on Saturday. Mr. Bowser visited the Rip Van Winkle Club where he intends to erect a house in the near future.

Work has begun on the Rip Van Winkle club grounds. The contractor is on the ground and has a large force of men at work.

Russell Miller, who is employed at Lake Mohonk visited his parents here on Saturday and Sunday.

Miss Phyllis Osterhoudt and Miss Esther Olmtead, who are attending high school at Kingston are home on their Easter vacation.

Mrs. Joseph Garrity, Mrs. Leonard Ford and Mrs. W. D. Coons entertained the Ladies' Aid at their business meeting at the church hall on Thursday.

There was an interesting and impressive Easter service held in the Methodist Episcopal Church on Sunday. A large congregation greeted the Rev. Charles Edward Hewitt on his return to this pastorate for another year. Mr. and Mrs. Hewitt are held in high estimation by the people here. Attendance at the regular service is increasing and also at the midweek prayer service.

Miss B. K. Hunt spent the week-end at her home in Arena, N. Y.

Harry Miller has purchased the house and lot of George M. Beckman, formerly owned by M. F. Whitney.

Midweek prayer service will be held in the church on Wednesday evening at 7:30.

Mrs. Charles N. Wheaton and son, Warren, of Nutley, N. J., are spending a few days at Mountain Lodge Inn. This Inn has several other guests from the city.

PINE HILL.

Pine Hill, April 9.—Mrs. Emma Wolcott and two sons of Flushing, N. Y., former residents of Pine Hill, have been spending a few days in town visiting friends.

Mrs. Helen Yates of New York city is a guest of Mr. and Mrs. Ezra Griffin.

Mr. and Mrs. Krause of Brooklyn spent the week end in town, guests of Mr. and Mrs. William Redmond.

New maple sugar is selling at Pine Hill at 35c per pound. The quality is fine but there is very little offered for sale.

Mr. and Mrs. N. E. Crosby, who have been spending the past four months at Keystone Heights, Florida, returned to their home at Pine Hill last Thursday.

Charles M. Hymann and family, who have been spending the past two months at Fleischmanns, have returned to their home near this village.

Several fine baskets of trout were taken from the streams in this section on Saturday, the first day of the trout season.

Mr. and Mrs. Roland Persons of Kingston have been spending a few days in town, guests of Mr. Persons's parents.

Workmen have been engaged repairing the streets in this village during the past week.

Isaac Whispell has been making several improvements to his property on Maple avenue.

Easter services were held at the M. E. Church and the Presbyterian Church on Sunday.

Mr. and Mrs. Ralph Thompson of Brooklyn have been spending a few days in town.

Bennie Bennett and party of friends from New York spent the week end in town, guests at the Pine Hill Arms.

Mr. and Mrs. Matthew Short, who have been living at Yonkers for the past few months, returned to Pine Hill on Saturday.

A fire started in the woods opposite the Maben property on the Birch Creek road last Friday evening, and soon an alarm was given and a number of the people were called to assist in extinguishing it. Before this was accomplished, however, a large number of acres of land were burned over, but fortunately the fire was put out before it reached any of the buildings in that section. No one seems to know how the fire started, but it is supposed that someone carelessly dropped a lighted cigarette alongside of the road and the dry leaves and grass caught fire.

Mrs. Henry Myers is seriously ill at her home at Highmount and her recovery is considered doubtful.

Miss Goldia Peet, who has been spending the past three weeks with her brother, Millard Peet, at Ellenville, returned home Sunday.

ELEANOR GUNN
On Fashions

Flowers, or Their Images, Appear on Crepe and Chiffon, with a Possibility of Their Being Used on Hats—Beige and Gray Displace the All-Black Costume

Paris—The flowers that bloom in the spring bloom again in smart silks. Once, in the long ago, they grew on straw, and adorned the carefully coiffed head of the lady of fashion. Then, quite suddenly, a blight descended upon them and flowers no longer bloomed on straw, or velvet or felt for that matter, and they certainly no longer adorned the carefully coiffed head of the lady of fashion.

If, as everyone believes, fashion is a wheel, and what was once good becomes good again, as the wheel turns, sometimes very slowly, then flowers may again grace our hats. This spring, however, we must be content with scattering them over crepes and chiffons, not the flowers themselves, of course, but their lovely images.

More Trimming Likely.

A few daring modistes have contrived to cultivate the straw soil so that it may bloom again. In Paris one has seen again and again a close-fitting black felt rather demurely trimmed with two waxen primroses posed directly at the front, but this was not enough to warrant heralding the return of flowers to the mode.

The tendency in hats, however, is to reconcile those of us who have become addicted to the "untrimmed" hat to more trimmings. The success of the feathered toque seems to indicate that we are not averse to a hat if it is not of felt, and with spring at hand there are close-fitting flower and foliage turbans that bring a pleasant sense of newness to the subject, as well as a pleasing charm.

Few Large Hats in Paris.

In Paris, there is little to justify a discussion of wide-brimmed hats, although the sunny Riviera brought out a few. In America, we have a strong predilection for the large hat, which should, of course, be of straw. The new straws seen about Paris have been highly glossed and, with the exception of an occasional Bangkok, of rather coarse weave. Such weaves are the better in small shapes, and it is only in this guise that they have appeared and only in black.

As the season develops, there may be a different story to tell, but at the moment one rarely sees a woman of any style importance wearing anything but a black hat, of felt or glossy straw, a beige or greige felt, or an occasional feather turban.

Beads Sometimes Omitted.

There is less black worn on the whole in Paris now than a month ago. Beige and gray separately, or gray with black are most important.

For evening there is a wider variety, with a preference for the classic untrimmed satin gown, very often of honey color. Lace, chiffon, and the taffeta robe de style deserve mention, and the fact that beads are sometimes entirely omitted in a collection of well-gowned women is not without significance.

The sparkling little square scarf in the manner of Chanel contributes an effective glitter here and there, and is very popular in black, white, or color, while the brilliant crystal and diamond jewelry worn offsets any possibility of evening scenes lacking luster.

No Lessening of Bobbed Hair.

It is impossible to find a modiste or hairdresser in Paris who will admit that bobbed hair is going out of fashion. Rumors from America that hair is being allowed to grow result only in a skeptical shrug of the shoulders. Yet all admit that the flowing, and much longer evening gown, and the general tendency toward feminine things are at variance with closely-bobbed hair.

It is also admitted that the bob is less smooth, less closely cropped and less molded to the head than formerly. That the sides are being allowed to grow is evidenced by the use of small shell or jeweled combs, but nowhere can you get an admission that bobbed hair has passed its zenith.

Expressive Mouth

The mouth, apparently, is the most expressive feature of the face. In the psychological laboratory of Johns Hopkins university, photographs showing various emotions were taken and cut so that the eyes and mouth were separated. More students were able to define the emotion by the mouth half than by the upper part.

Never an Iron on My Hair

Wherever my theatrical engagements happen to take me I could have a marcel, but I never do. I prefer my own method—waving my hair with my Wave and Sheen.

Edna Wallace Hopper as she looks today

I always keep my hair clean by shampooing once a week. I apply Wave and Sheen with a comb. You can use a brush, or just your hands.

I dampen the hair with it—insert combs in the direction I wish the waves, tie a veil over my hair and keep it on for about an hour. Some types of hair require more time, some less.

The result is a soft, lovely, undulating wave. Most people in my audiences think I have it marceled. Many ask whether it is a natural wave. It is not.

You can have this same sheen no matter what method you use to wave your hair. Get a bottle at any toilet counter for 75 cents. One trial will convince you as it has thousands of others.

You know it's his favorite dessert—then why don't you have pie oftener?

Trouble to make? Not with sweet, creamy Snowdrift to help you. Snowdrift is a good friend to pie-makers, even the experienced ones.

Before we pack Snowdrift, we give it a special, creamy-soft consistency which helps you to blend it with flour quickly. Pie crust is apt to be much more tender when you don't fuss long over the dough and keep it cool.

And does that pie crust taste good? Well anything as fresh and pure as Snowdrift is bound to make pie crust sweet and light and wholesome!

Flashes of Life Sketched in Brief

(By The Associated Press).

New York—A picture of a movie of Edith Cavell depicting the refusal of a German private in the firing squad to shoot at her with the result that he is executed for murder is regarded by a state censor as conducive to crime, therefore it has been deleted by Arch Selwyn from "Dawn" and the film, barred in England is to be shown here.

Toronto—The Ontario board of censors is to help parents select proper movies for children. Films will be classified as "universal" and "adult." Parents will be expected to keep children away from "adult" pictures, but there will be nothing compulsory.

New York—Fear for the result when America's optimism is outgrown is entertained by Professor Edward Ifolvaag of the University of St. Olaf at Northfield, Minn., who is back from Norway. He said that country is far behind the rest of the world in culture.

Philadelphia—The Rev. Dr. William L. McCormick, Presbyterian, sees "nothing ahead of our dear America but a bitter crash." Within 20 years he expects a complete reversal in our social and economic life and out of it will come a new revelation of the gospel.

New York—If Dr. John Isquith's allegations are correct there is at least one wife in the big town who does not desire to reduce. In his answer in a separation suit he avers that the Mrs. weighs over 200 and eats all day long—vast quantities of candy, caviar, cheese and fruit between meals, topped off by two cartons of cigarettes a week.

Cleveland—Uncle Sam must have his taxes even if it means more alimony. Pleading guilty to falsification of their income, F. L. and Roy Henderson, father and son, manufacturers, said they feared their divorced wives would learn their real wealth. They were sentenced to two years and fined $1,000. The son's prison term was suspended so he could run the business.

New York—Dr. Rosalie S. Morton wishes to correct an impression that she belongs to 40 clubs. It is only three, of which she is an honorary member; she is an active member only of scientific bodies and patriotic societies, having no time for clubs.

Paris—Perhaps Thomas Harland would prefer the good old days. Crowds have been wont to beat up foreign referees at soccer matches in France, but when France defeated Wales there was a rush at Tom, the referee, to kiss him. Many succeeded. Tom comes from Belfast, Ireland.

New York—Youth is training age for a big test Churchill Downs, 12 years old gelding, is galloped every morning at Belmont Park by Judy Johnson, the only girl exercise boy there. Foxhall P. Keene was ambitious to win the grand national next March with the horse.

HURLEY.

Hurley, April 9.—The Easter services on Sunday were in charge of Mr. Decker of the New Brunswick Theological Seminary, who is expecting to accept a call to this congregation at the close of the seminary. The church was prettily decorated with Easter lilies and ferns, and special music was rendered by members of the choir. The Easter offering for the Arabian mission, amounted to $40.50. A sunrise meeting was held in the lecture room at 6:30 a. m. with a good attendance.

The Christian End-avor Society will serve a dinner in the basement of the church on Wednesday evening, April 11.

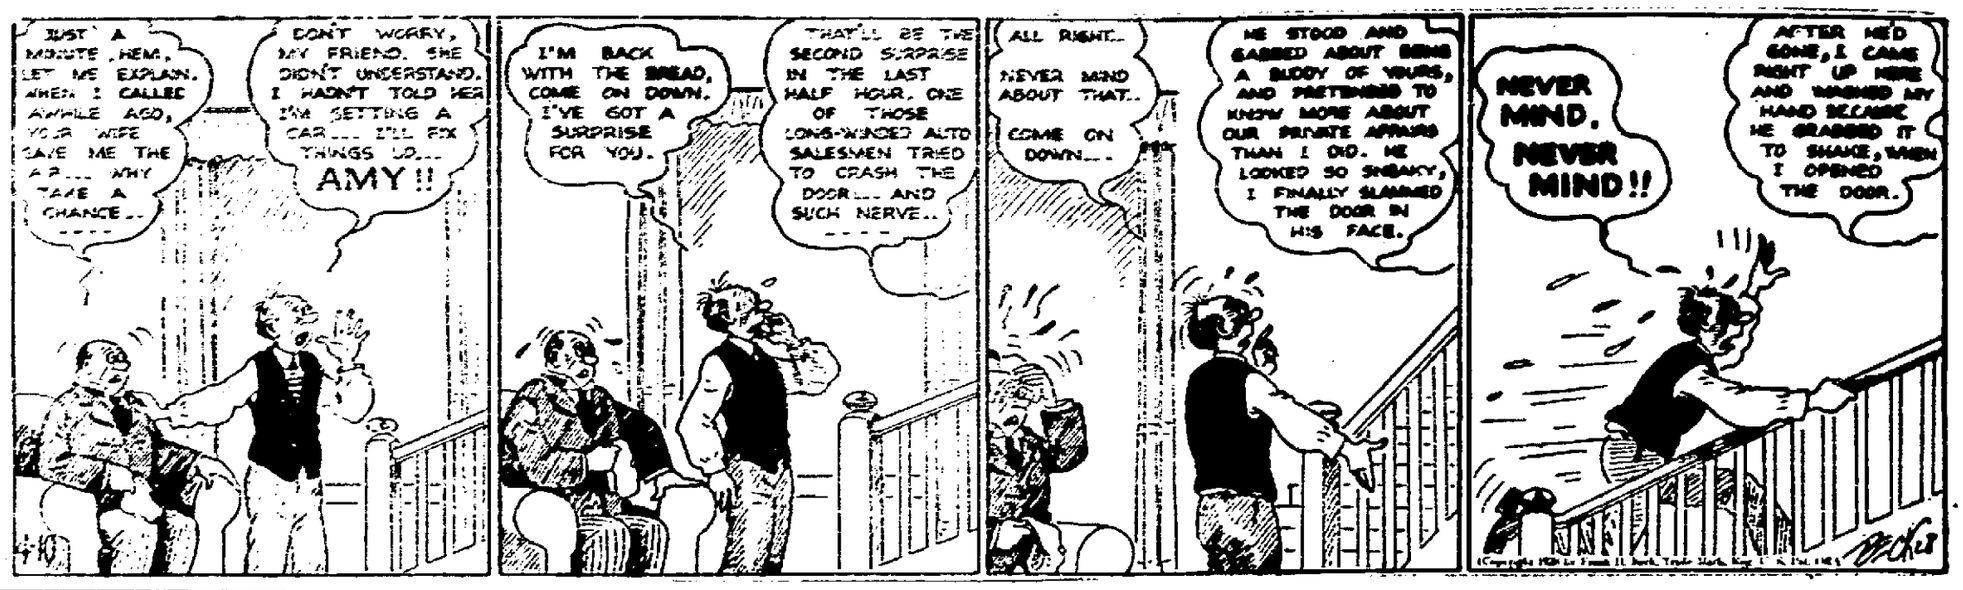
Miss Sarah DeWitt, who is physical instructor at the Y. W. C. A. at Syracuse, is spending her Easter vacation at home.

Miss Elizabeth DeWitt, who is in training at Vassar Hospital, Poughkeepsie, spent Easter at home.

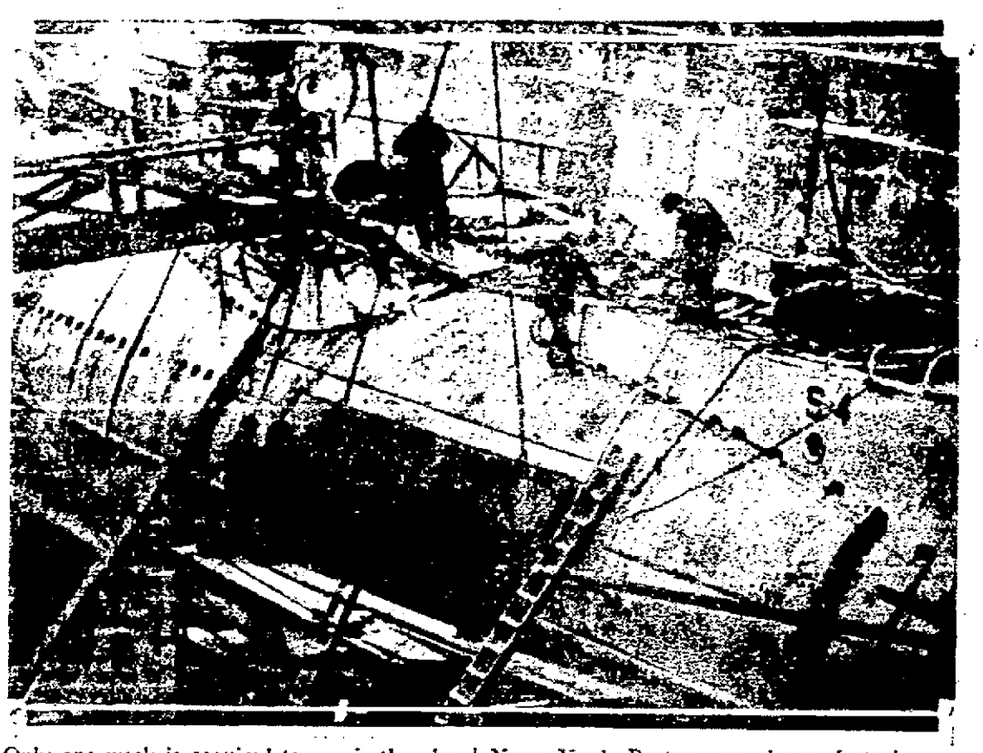
Theodore Thielpape and friend, who are students at New Brunswick, are spending their vacation with Mr. and Mrs. John Thielpape.

Mr. and Mrs. B. H. Chappell and son, Bartlett, are spending a week at their summer home.

GAS BUGGIES—Frankly Speaking.



REPAIRING HOLE IN S-4 THAT MEANT DEATH TO 44



Only one week is required to repair the physical damage done to the submarine S-4, which sank with all hands after the U. S. S. Paulding rammed it. Workmen in Charlestown Navy Yard, Boston, are shown fastening a great steel plate on the crushed side of the submersible. The one plate sufficed.

ASHOKAN

Ashokan, April 10—Miss Mae Bogart visited her parents and Miss Hollis Moe last week.

Mr. and Mrs. Lacey F. Sampson of the Keith Vaudeville Circuit and her father are at their home on Montoma Heights over the Easter holidays.

George Sickler made a trip to West Park last Friday and brought back tools for use on Tontje mountain improvements. "Uncle" Herb came back as far as Kingston. They called on Mr. Hood at Port Ewen, who has a severe cold.

Cyrus Cudney is confined to the house.

Mr. and Mrs. F. W. DeShow have sold their home and removed to East Orange. The truck carrying their goods mired in on the mountain road at 9 a. m. Thursday and was not extricated 'till 2 p. m. when Superintendent George Barkley and his men including teams of Rutherford Brothers and Ray Cudney pulled it out.

Mr. and Mrs. Walter Bogart and Mrs. Elizabeth Terwilliger motored to Krumville, Old Hurley, Stone Ridge, and Kingston Friday, April 6.

Mrs. Alonzo Winne and Sadie visited her brother in Arkville Sunday.

Mr. and Mrs. Spencer Jones called on relatives in Pocama Sunday.

Mr. and Mrs. Charles Hogan spent Friday evening with her sister and husband, Mr. and Mrs. John L. Davis to see the new baby, John Charles Davis, Jr.

The children of Mr. and Mrs. Charles O. Davis spent a very pleasant evening with their parents on Friday night where they were invited to a steamed clam supper with all the trimmings, it being the birthday of Mrs. Davis who received some very pretty and useful presents.

Alonzo Davis and Shirley spent Sunday with Mrs. Davis who is convalescing at the home of her parents, Mr. and Mrs. Spencer Jones.

Mr. and Mrs. Lincoln Smith attended a Baptist meeting in Delaware county on Sunday.

Mr. and Mrs. Clifford Bogart and Mrs. Elmer Williams and little son, Richard, called on Mrs. Augusta Pierson on Sunday afternoon.

Miss Carol Gridley spent the week end with her friend, Marjorie Davis.

Mrs. Rosetta Wager spent the week end at her home in Krumville.

New York Central's Taxes more than $40,000,000

Schools, civic improvements, highways, police and fire protection all along the New York Central Lines cost huge sums annually. Each citizen shares in footing these bills. So does New York Central, which is a citizen of each community.

This railroad's duty does not end with its transportation service—the dependable movement of passengers, freight, express and mails. Its contribution to civic progress and prosperity is also of importance.

For 1927 the tax bill of New York Central Lines was $40,458,648, or approximately $110,000 a day. In many communities New York Central is the largest single taxpayer.

It is the aim of the New York Central to be not only a faithful public servant, but a helpful neighbor and useful citizen.

Concerning Fools

Men are so necessarily fools that it would be being a fool in a higher strain of folly, not to be a fool.—Pascal.

Health Laws

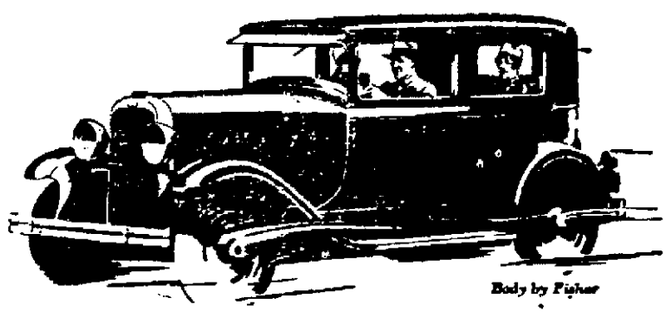
The fundamental laws of health are cleanliness, well-proportioned diet, sufficient quantities of fresh air, sleep and exercise, and proper elimination.

So It Goes

A man who couldn't get backers to open a grocery store can find plenty to back a fool flying stunt.—San Francisco Chronicle.

NEW

and critics say, "two years ahead"



Body by Fisher

"Two years ahead in appearance and mechanically," says H. F. Blanchard of Motor . . . "New in every respect. Gives the impression of being in a much higher price class," A. F. Denham of Motor Age . . . "An important advance in the art of car building," Walter C. Boynton in Automotive Daily News.

According to men whose opinions count, there is the spirit of tomorrow in this new Oldsmobile Six.

A new, high-compression 55 h. p. engine offers an abundance of smooth, quiet, economical power resulting in flashing get-away, speed, and long-lived endurance.

New roominess and silenced interiors provide new comfort and enjoyment.

A score of other new chassis and body features—features which heretofore have identified high priced cars—definitely establish this new Oldsmobile Six as the *Fine Car of Low Price.*

The smart lines and rich finish of new Fisher bodies match the advanced engineering of engine and chassis.

TWO-DOOR SEDAN $925 f. o. b. Lansing. Excise Tax and Spare Tire Extra.

Drive it and learn why thousands are buying Oldsmobile—why engineers and critics declare it *two years ahead.*

Ten Defendants In County Court

Three Enter Pleas of Not Guilty to Charge of Abandonment — Boice Must Pay or Serve Term At Dannemora.

Ten defendants faced Judge Fowler in county court Monday afternoon when District Attorney Traver arraigned defendants charged with crime under sealed indictments recently handed up by the grand jury. The more popular crime was that of abandonment and three defendants were arraigned on that charge and all three entered pleas of guilty to the charge. After the prisoners were arraigned and entered pleas court went into recess until 10 o'clock this morning when the criminal work was to be continued.

Charles Bennett of the town of Wawarsing was arraigned on a charge of abandoning his children at the town of Wawarsing in violation to section 150 of the Penal Law. He entered a plea of guilty and sentence was postponed until this morning.

George Barber charged with the same crime alleged to have been committed in the town of Saugerties also entered a plea of guilty and he too will be sentenced today.

John A. Boice, formerly of this city and now residing in the state of Connecticut was arraigned on a charge of abandoning his family on October 28, 1924 when he left Kingston for Connecticut where he now resides with another woman and a child. Frank A. Murray appeared for Boice and entered a plea of guilty to the charge. Boice has been paying $8 a week toward the support of his children here. Judge Fowler warned him that this payment must be kept up. Boice has been paying regular up to the present time but he wrote to Judge Fowler stating that if he had to come to Kingston at this time in answer to the indictment he would be placed at a considerable expense and he would not be able to pay the $8 this week. Judge Fowler informed him that the payment might be postponed for a time but he would have to make good the payment as soon as he could get the money. District Attorney Traver informed the court that he did not see why leniency should be extended the defendant in paying the $8 toward the support of his family here. If the defendant was able to live with another woman and maintain a home for a second woman in Connecticut he believed that he was able to care for the payments which the court had directed and he said he was tired of fooling with such cases.

Boice Must Pay or Serve Time.

Judge Fowler sentenced Boice to a term of two years in Clinton State Prison at Dannemora and imposed a fine of $1,000 but suspended the execution of sentence on condition that Boice continue to make prompt payments each week to Probation Officer Service of the $8 a week toward the support of Boice's family here. Judge Fowler warned Boice that if he failed to make the payments the sentence would be put into effect.

Sophie Diamond, charged with grand larceny, first degree, alleged to have been committed on November 15, last, at the town of Wawarsing entered a plea of not guilty and bail was fixed at $1,000. Mr. Kanfer appeared for defendant.

James Romano and Dorothy Romano charged with keeping a disorderly house, a house of ill fame and maintaining a public nuisance at the town of Ulster both entered pleas of not guilty when arraigned. A. J. Cook appeared for them. Bail for James was fixed at $500 and in the case of Dorothy $200.

Jason Slater whose place of business was raided by State Troopers recently was arraigned on a charge of maintaining a disorderly house, maintaining a public nuisance and keeping a house of ill fame. He entered a plea of not guilty and bail was fixed at $1,000. His place was located on the Ruby road in the town of Ulster. Chris J. Flanagan appeared for Slater.

James Manfro charged with rape, second degree, alleged to have been committed in this city on February 1, 1928, also entered a plea of not guilty and was admitted to bail in the sum of $2,000. A. J. Cook appeared for Manfro.

Each Held In $5,000 Bail.

John Koslowski of 169 Murray and Edward Smith of 62 Pierpont street were arraigned on a charge of robbery, first degree, alleged to have been committed in the town of Lloyd on February 4, 1928. Chris J. Flanagan who appeared for them entered a plea of not guilty for his clients and asked that bail be fixed. The court fixed bail at $5,000 each. It is alleged that the two held up and robbed John Castaleno and Joseph Fuss near the Castaleno home south of Highland. After the hold up the two men said they had just left the house when they were confronted by two men who held them up at the point of a gun and robbed them of $30 and a watch and then disappeared in a Chevrolet car. The license was an Ulster county number and the car had a handle missing on the door. On those clews Sergeant Lockhart and Corporal Baker of the State Troopers took up the chase and finally traced the car to this city. Koslowski and Smith were arrested by Police Officers Keresman and U. Healey and later the pair was identified by Castaleno and Fuss as the men who held them up.

Orders New Application.

Following the criminal arraignments argument was heard on a motion to show cause why an action, Marion L. Gray against George F. Muller, which appears on the civil calendar, should not be dismissed. Frank T. Murray, who appeared of counsel with Cleon B. Murray on the original trial of the action in justice's court, asked that the case now on the civil calendar be dismissed. He argued that the appeal from justice's court was improperly before the court since the matter involved an amount less than $50 and therefore could not be appealed to the county court. In reply, A. W. Lent, who appeared for Mr. Muller, stated that the case had originally contained a counter claim in excess of $50 and the matter was therefore properly appealed to the court, but he opposed the motion of Mr. Murray on the grounds that the plaintiff Gray was not properly in court. He stated that on the trial of the case Cleon B. Murray appeared as counsel. There had been no order of substitution nor Frank T. Murray had signed affidavits accompanying the order to show cause and since he was not the attorney of record the motion to show cause was not properly in court. On that ground Judge Fowler dismissed the motion to show cause and stated that the plaintiff would have to make a new application. He dismissed the order to show cause without prejudice to renew the application. Mr. Murray, who appeared of counsel in the original action, asked to amend, substituting himself as counsel in the case, but the court overruled the application.

Mr. Murray then asked that the case be restored to the calendar of causes to be tried at this term of county court at the conclusion of the criminal work and his application was granted. No day was set for the trial of the case on appeal.

Court then adjourned until 10 o'clock this morning.

WERE FISHERMEN OR RUM RUNNERS SWEPT OVER FALLS?

Niagara Falls, N. Y., April 10 (AP).—Authorities were investigating today to determine if anyone was swept over the falls with ice floes during the night. Shortly before last midnight residents of the La Salle section and police stationed there were attracted by cries for help coming from far out on the upper Niagara.

The cries were first heard from a point opposite Cayuga Island in the La Salle section. Motorcycle Patrolman Leon Prudent and Lawrence Hendershot, a riverman, tried to get a motor boat out into the stream but the ice which filled the Little Niagara, separateing Cayuga Island from the mainland, prevented them from moving the boat.

Peering out into the big river from Cayuga Island, watchers could see the glare of a flashlight as it was turned on and off, as if a person trapped on the ice were trying to signal by means of the glare. The calls for help continued. No objects could be discerned by the watchers.

Police believe the men caught in the ice floes may have been fishermen or rum runners. Whether they reached shore or not could not be ascertained early today and police were checking up to learn if any persons were reported missing along the American or Canadian shore.

WOMEN FLYING RIVALS FACE APPARENT DEFEAT

London, April 10 (AP).—Two women flying rivals today apparently faced defeat in attempts to make solo flights between London and Capetown, South Africa.

An Exchange Telegraph dispatch from Capetown said that Lady Mary Bailey, en route to Capetown, had crashed while attempting to land at Tabora, Aanganyika. Her plane was badly wrecked but she escaped injury.

A Cairo dispatch to the Daily Mail said that Lady Heath, the former Mrs. Elliott Lynn, flying rival to Lady Bailey, had been prevented from continuing her flight to London from Capetown by British authorities.

Her plane was locked in the army shed at Heliopolis airdrome, five miles from Cairo, and she was refused permission to fly over the Mediterranean unaccompanied. No escort was available.

THREE FLEE FLAMES IN NIGHT CLOTHING

Albany, April 10 (AP).—Two women and a man, dressed only in their night clothing, were driven to the street when fire swept a business and apartment block on North Pearl street this morning. Mrs. Grace Clayton and Miss June Norton were carried down ladders from the third story by firemen. Lester Clayton, husband of Mrs. Clayton, made his way down the stairs through dense clouds of smoke. Damage was estimated at $15,000.

LADY MARY UNHURT AS PLANE CRASHES

London, April 10 (AP).—An Exchange Telegraph dispatch from Capetown, South Africa, today said Lady Mary Bailey, who is flying from London to Capetown, crashed in attempting to land at Tabora, Tanganyika, but was not hurt.

Word of the accident was received in Capetown by her husband, Sir Abe Bailey, from Lady Bailey, who said the plane was badly damaged.

Rabbi Rose's Topic Tonight.

Rabbi Morris M. Rose of Temple Emanuel will speak at tonight's services on "The Magic of Faith." It is an interpretation of the meaning of the Passover message in terms of the Jewish law. Rabbi Rose will point out the power and influence faith had upon the devout worshippers of the God of Israel. After the services the committees appointed for the 75th anniversary will meet in the vestry rooms. All are welcome. Services begin at 7:30 sharp.

KUKUK GRADUATES FROM EMBALMING SCHOOL

W. Kenneth Kukuk, son of Mr. and Mrs. William C. Kukuk of 16 Tremper avenue, graduated from the Cincinnati College of Embalming and returned to his home Monday.

While at college he specialized in plastic surgery and for a time served as one of the student supervisors. On leaving a special diploma was granted to him in recognition of skill and proficiency in topographical anatomy and in the other phases of the art of plastic surgery. This diploma is only awarded to those who make honors in the course.

Mr. Kukuk was elected into the "Pi Sigma Eta" fraternity while at college and was honored by being made chairman of a committee of three to rewrite the ritual of the brotherhood.

He will now take his place on the staff of trained operators at the funeral home, junior to William C. Kukuk.

SCENERY OF TREASURE ISLAND BY MISS HOYSRADT.

The scenery for the Treasure Island Pantomime to be given by the acolytes and choir boys of St. John's Church at the parish house on Thursday evening, is worthy of a very special note, for it has been painted by Miss Emily Hoysradt, the Kingston artist, who did the mural decorations in the Coffee Room of The Governor Clinton Hotel. There will be three scenes, the first being that of the Admiral Benbow Inn, where the story begins. The second scene is that of The Spyglass, the inn where young Hawkins made the acquaintance of one-legged John Silver. The last scene pictures the good ship Hispaniola, on board of which the treasure hunt was made. During the presenting of the pantomimes Roger Scott will read the explanatory captions.

McSweeney reforestation bill continues before House agriculture committee.

MILTON.

Milton, April 9.—The Ladies' Needlecraft will give their play, "Safety First," Friday evening, April 24, at the Community Theatre on Main street.

There was very little interest shown at the primaries last Tuesday. In Milton and Marlborough combined there were only twenty or twenty-five votes cast. The purpose of the primary was the selection of delegates to state party conventions.

The Hudson River Fruit Exchange has begun its spring spray season and the making of grape baskets at their factory on the dock road.

Mr. and Mrs. Robert Bruner of New York are spending the Easter week at the home of Mrs. Alice Crowell on Landing street.

The Milton schools closed Friday and will open again on Wednesday.

Mr. and Mrs. E. A. Martin expect to move to Merrick, L. I., this week and they will be greatly missed here. Mrs. Martin has been an active worker in various offices which she has held. She was a member of the County Committee of Catholic Charities and chairman of Rural Activities in the local branch. She was also chairman of the St. James Church Sewing Auxiliary, which took the blue ribbon last year. She had just entered her fourth year as president of the Maids' and Matrons' Club. In her leaving Milton the town nurse's committee loses an active member. Mr. Martin, in partnership with Carl Rhodes, has conducted the business of the Milton Auto Company. He was justice of the peace here for two years. He will be greatly missed.

At the meeting of the Maids' and Matrons' Society Tuesday evening, Mrs. E. A. Martin, president, who is about to leave Milton, was presented with an Ideal Waterman fountain pen and a beautiful gift of carnations. Mrs. Grover Furguson made the presentation address. Mrs. C. R. Taber was elected president to fill the vacancy. The Men's Club gave Mr. Martin a handsome leather wallet. The presentation was made by Percy V. Bunker on behalf of the club. Mr. Martin has been a very active member of this organization and the loss of his support will be felt by those who served with him on various committees. Members of the Men's Club were served with refreshments by the Maids and Matrons. Mr. Martin will resume his former furniture business in Merrick, L. I.

The Milton W. C. T. U. will hold its regular monthly meeting at the home of Miss Caroline Sears, Friday afternoon, April 13.

Mrs. Charles E. White, a former resident of Milton, died at her home in Mombaccus Monday, April 2, after a short illness. Besides her husband she is survived by a brother, Mason Vandermark, and a stepson, Nelson White. Funeral services were held last Thursday. Before her marriage she was Minnie Vandermark and conducted a dressmaking business in Milton. She married Charles E. White of Freehold, N. J., where she made her home for some time, after which Mr. White moved to Wallkill where he conducted a plumbing business for several years. While Mrs. White was in Milton she was an active worker in the Presbyterian Church, Sunday school and Christian Endeavor Society.

The Milton fire department was called out Thursday afternoon to fight a fire which burned over the entire large property of Birdsall Taber, extending east and west from the state road to the dock road and north and south from the woolen mills toward the village.

Immortal Melody

"Home, Sweet Home" was sung in May, 1823, in "Clari, the Maid of Milan." The air used was a transcription of an old Sicilian air made by Henry Bishop, who wrote the opera.

Against his tombstone
Beats the rain.
He raced to a crossing
With a train.

A well known magazine editor sat at a table in a small lunch room. He finished his sandwich and his glass of milk. Then pointing to a pie on the counter, he said: "I'll have a piece of that blackberry pie."

"'Tain't blackberry," said the proprietress. And then, as she "shoed" the flies with a wave of her duster: "It's custard."

Beggar (pleadingly): "Give a starving man a nickel fer a cup o' cawfee, please, Mister?"

Sorry, but I've only got a five-dollar bill."

(Affably): "That's all right, Mister, I got change."

"Stretch your backbone," advises a health faddist. The greater need is something to stiffen it.

"Tom is certainly a very police chap."

"Yes, he got that way turning down loans in a country bank."

English Woman—There's no livin' with my 'usband now, ma'am; fame 'as ruined 'im. Since 'e got cured by them pills and 'ad his picture in the paper, 'e ain't done a stroke.

"Any one could tell by looking at you that your parents came from Ireland."

"My parents did not come from Ireland," said Pat.

"Come on, don't try to fool me, your face shows your parents came from Ireland."

"They did not," said Pat, "they are in Ireland yet."

Great Bill Collector.

He presented his bill,
And I could not evade it.
In valley, on hill,
He presented his bill,
With stinging ill-will;
So with blood, sir, I paid it.
He presented his bill
And I could not evade it.

"Yes," admitted the woman who had had three husbands, "but still some of them are better at it than others."

Tommy and his sister, Nellie, had been fighting all day and their mother in exasperation, finally put them to bed. While saying their prayers, Tommy suddenly said, "Excuse me a minute God, while I knock the h— out of Nellie. She's tickling my feet."

You have convictions, the other fellow prejudices.

For a human to make a companion of a dog to a great extent humanizes the dog without dognizing the human.

There is a long legged sheep in the Himalayas which it is said can run forty miles an hour. It will take a lamb like that to follow Mary, nowadays.

Perplexed Salesman: "There is a lady out front who has bought a lot of garden seeds. She wants to know how she can tell the plants from the weeds when they first sprout in the spring."

Pessimistic Boss: "Tell her to watch the neighbor's chickens. They will not touch the weeds."

The knocker may be heard most at first, but in the end he'll most likely be taking orders from the booster.

Spring sometimes reminds one of a reform candidate. Spring gets the most poetry but autumn gets the most votes.

Rookies Bolster Big League Clubs

Many Youngsters Are Expected to Stick and Make Their Presence Felt—Harry Riconda to Remain With Brooklyn.

New York, April 10.—Not less than 20 recruit young players who have dreamed of baseball fortune to be found in the major leagues will see their ambitions realized this year.

The store of rookies is exclusive of pitchers for not even the managers know how many of the 1928 quota of pitching recruits will be among those present when the summer weather spoils the ardor from more experienced pitching arms.

Among several good young catchers coming up to the big leagues for the first time, Gus Mancuso, formerly of Syracuse, stands out with the St. Louis Cardinals. Mancuso is with the Red Birds as a result of the second thought of the management. He did good work for Syracuse but the parent club did not realize just how promising he really was until this spring when he was ordered to join the major leaguers instead of the minors. Mancuso's name was not on the roster of the 1928 Cardinals furnished before the team went South.

Two new first basemen will start from the jump. Del Bissonnette with the Brooklyn Robins and Bill Kelly of the Phillies. Andy Cohen at second base for the Giants will be very much in the spot light as he succeeds Rogers Hornsby and may hear from time to time that "Hornsby would have got it" or "Rogers would have done something if he had been up there."

The St. Louis Browns have drawn on Tulsa for three infielders, although one may have to double in brass by taking a turn in the outfield now and then. Otis Brannon and Ralph Kress will play second and short for Dan Howley while Gus Sturdy will make himself generally useful around first base or in the outfield.

Chalmer Cissell will be called on to play shortstop for the Chicago White Sox under the handicap of a big price tag attached to his uniform. Arthur Whitney, who will cover third base for the Phillies, is one of the few drafted players to come through beyond dispute. Harry Riconda, who has been in and out of the big time, is back again with assurances of remaining somewhere in the Brooklyn infield.

A flock of young outfielders will break in. Eddie Morgan of Cleveland, Doug Taitt of the Red Sox, Paul Easterling of the Tigers, Pid Purdy and Marty Callaghan of Cincinnati, John Leonard Martin of the Cardinals, Emlie Barnes of the Senators, Bill Deitrick of the Phillies and Art Jahn and Lefty O'Doul of the Giants will be evidence on opening day.

O'Doul, a former major league pitcher, is older than the others but has made a good impression on Manager McGraw in spring training. Deitrick, a fast flying Virginian, reported to the Phillies as an infielder but was shunted to the outfield where his speed and great arm can show to greater advantage. Barnes, once a star football player at the University of Alabama, has so much speed that his hitting may be left to take care of itself.

PAYNE STILL LEADING IN CROSS COUNTRY MARATHON

Syare, Okla., April 10 (AP).—A trek of about 50 miles to Clinton today furnished an exacting test for the runners and walkers in the cross country Marathon, with Andrew Payne of Claremore, Okla., pressed for leadership by Peter Gavuzzi of Southampton, Eng.

Gavuzzi's performance yesterday in leading the field of 82 over the 32.2 mile route from Texola in 4:35:30, gave him an elapsed time of 227:57:50, only a little more than an hour below Payne's mark. The Oklahoman finished ninth in 5:03:30, giving him an elapsed time of 226:33:07 for the 1,335.6 miles from Los Angeles.

Clermonts Book Road Games

The baseball team has been busily engaged for several weeks booking games with semi-professional aggregations and will likely start road games about the middle of May. The first home game will be played at Hasbrouck Park on Sunday, April 22. An opponent's team has not yet been named but Manager Hughes and Houghtaling are negotiating with several clubs, the best one of which will be booked.

In recent practice sessions the Clermonts displayed good form. Captain Vic Spalt who will boss matters on the field, will have considerable help for Joe Carr, a former diamond star, will lend assistance as coach.

The hurling staff of the Clermonts now contains three members, while the management expects to sign two more in the near future. Luke Mathis, Jack Dunn and "Dutch" Hafer comprise the moundmen, while John Houghtaling will occupy the position behind the plate, which he held down last season.

The infield will be made up of Vic Spalt, first base; Leo Versteeg, second; H. Houghtaling, shortstop, and Vic Fisher, third base. "Wop" Gorman, C. Hicks, Hank Krum and Fred Frieze will perform in the outer garden.

The Clermonts have ordered new uniforms of Charles Warren, sporting goods dealer who equipped the team last year, and it is expected that they will be in the hands of the players by the end of the week.

GERMAN SWIMMER BREAKS DURATION RECORD.

Hamburg, Germany, April 10 (AP).—Otto Kemmerich, German professional swimmer, today broke the world's duration swimming record of 32 hours set by Mrs. Lottie Moore Schoemmell of New York at Miami Beach, Fla., last week. At 10:30 a. m., Kemmerich had been in the water 38½ hours and gave every indication of being able to continue for the fifty hours he had set as his goal.

Cold Mixture in Washington.

Washington, April 10 (AP).—A mixture of rain, sleet and snow greeted local fans early today and made doubtful the chances of the American League opener getting under way between Washington and Boston.

Big Leaguers Ready for Opener

The alibi, "these don't count" has gone into the discard with last year's major league uniforms the clubs have worn in their spring junkets through the south and west and the time has come to think of serious things.

The American League opens at Washington today when the Senators meet Boston.

President Coolidge will start the curtain raiser with no chance that he will be batted from the mound for he has to throw but one ball so the fireworks can start.

The Senators, beset by injuries, may need all the Presidential help they can get in their advanced opening. Their opponents, the Boston Red Sox, have everything to gain and nothing to lose. Even their friends have picked them to finish far down in the second division and if they can play themselves anywhere near the top of the second tier, they will be regarded as getting somewhere. Washington, on the other hand, has received some championship support. Slight but encouraging to Bucky Harris and his associates. Few have consigned the Senators to the second division.

As the long grind starts tomorrow for all the National League outfits and six of the American League standard bearers, managers are impressing upon their athletes the advantages of a flying start.

Last year the Athletics played the first part of the schedule for fun and the rest of the race in a vain effort to get even. As was the case last year, Connie Mack's Philadelphians meet the champion New York Yankees at the gun.

The stand pat Yankees, who have found the going hard, in their spring games, have advised their friends to "wait until the season starts." The friends have waited and the champions must now put up or shut up. Manager Huggins' pitchers are ready. He will learn if he has enough of them.

Connie Mack offers former stars in a grand new setting when he presents Ty Cobb and Tris Speaker on the same club. He will also know if his pitchers are as good as he thinks.

Pittsburgh, defending its National League title, is sure to see plenty of pitching in its opening series. The Cardinals may have their faults but pitching is not one of them. The Pirates think well of their sharpshooters, too, and the Cardinal-Pirate mix-up should leave no doubt that the season has started.

More than a baseball game will be the National League opening in New York where the Giants and Braves clash. The two clubs are filled with players who have worn the colors of both. Rogers Hornsby, Eddie Farrell, Kent Greenfield and Zack Taylor will try to show McGraw that he was wrong while Larry Benton and Frank Hogan, the probable New York battery, came to New York from Boston.

Cleveland and Chicago, longer on pitching than in any other department of play, are fairly evenly matched on the basis of their training records and the early pitching may reduce the hitting to a minimum.

The Chicago Cubs at Cincinnati will try their hardest to get away to a flying start in what they regard as a pennant year, while Jack Hendricks will have his first chance to prove that his team has been under-rated by the critics.

Detroit and St. Louis, playing this year at Detroit, will hope that the Michigan weather is more reasonable than the Missouri elements encountered last year when it seemed for a time that the season could not be opened within a week of the scheduled start. Only one game was played in the first series of 1927 and that failed to reach a decision. Manager Moriarty is depending on Whitehill to southpaw his team to a commanding place and will give him his first chance at the outset. Dan Howley will have his fingers crossed on the St. Louis bench.

With Brooklyn's great pitching staff only waiting to see the whites of the Phillies' eyes before they shoot, Burt Shotton's batsmen will be given an early initiation. Several of the new Phillies will be playing their first major league game tomorrow.

ROSENDALE WANTS PLAYERS AND SEEKS ROAD GAMES

The management of the Rosendale baseball team, in past years classed as one of Ulster county's best amateur nines, is seeking some suitable talent to represent that community on the diamond this season. It is desired that the team to be formed this year be stronger than ever. A practice session will be held on Sunday, April 15, and all candidates are expected to be on hand for tryouts. It is intended by Manager John Regan to play all road games this year. He would like to hear from teams who wish to meet Rosendale. Mr. Regan's address is Rosendale, N. Y.

That many million men can't be wrong

FIGURES show that more Prince Albert is smoked by experienced jimmy-pipers than any other brand. You might give any of a dozen reasons why they bought their *first* tin of P.A. But their tenth and their hundredth . . . only demonstrated quality can account for *that!* Wouldn't you say so?

The very fragrance of P.A. is an indication of the quality-taste still to come. The first fire-up makes good on the aromatic promise. Cool as a steeple-jack doing his stuff. Sweet as getting back to earth again safely. Mild and mellow and long-burning. Some tobacco, Men, and no mistake!

If you don't know the joys of a pipe packed with P.A., get busy and make up for lost time. No matter what your present set-up may be, try Prince Albert. It is not an experiment, but an experience—a little journey into a land of pipe-joy that you'll take many times every day.

The revenue stamp tells you—TWO full ounces in every tin.

Northeastern Volley Ball

The Kingston Volley Ball Club went to Albany last Saturday to play a game in the district tournament. The first game scheduled was between Gloversville and Albany. Gloversville took the first game, 15-[illegible], Albany the second, 15-11, and Gloversville the third, of 15-2.

The second match was between Amsterdam and Kingston. The Amsterdam team is a good one and it takes a real bunch of spikers to beat them. They have played together the whole season with but one game lost and the Kingston boys are the ones that did the trick. This match was therefore expected to be a tough battle. Kingston got three points before their opponents got going and then Amsterdam came through with a 15-5 victory. The second game of the match was much the same, the score at closing time standing 15-5 in favor of Amsterdam.

In the third match of the afternoon Kingston opposed their most former rivals, Albany. The capital district team overcame the Kingstonians after a hard struggle, 15-13. The local players took the lead in the tilt and pounded the ball across the net until they had rolled up a 14-4 tally but a spurt on the part of Albany helped the upstate team to emerge the victors.

Play was suspended until refreshments had been served and the Northeastern District championship trophy was awarded Amsterdam. The trophy was given by Kingston. The principal speaker of the event was Daniel Chase, national secretary of the Sportsmanship Brotherhood of America and formerly supervisor of Physical Education, State Department of Education. He spoke on "Sportsmanship." After this preparation for the final games was made.

The first match found Amsterdam and Gloversville in action. The players were a little heavy from eating and didn't get the enthusiasm into their work they had earlier in the day. Gloversville was the most affected because they lost to the carpet baggers by the scores of 15-5 and 15-8.

The next conflict brought out the best roller ball of the day. Albany and Amsterdam were the contestants. Amsterdam won the first fairly easy but the second game was a peach. Albany led by one or two points all the way up to the fatal 13. Back and forth first one and then the other. Every player was on his toes, giving everything he had. The strain was too much for Albany, however, when Amsterdam made a substitution of two fresh men and the best two in the tournament at that. The scores were 15-8 and 15-13.

The last and final struggle was then put on between Kingston and Gloversville. The battle was nip and tuck up to 11 points and then Gloversville got a break and won out 15-11. The next game was just as good. Gloversville got away to a good lead and the locals had a long uphill fight to stay in there. They were game and kept fighting but the odds were too big and the game went to Gloversville, 15-12.

The men representing Kingston were: Chet Folson, Vic Breen, Jim Scott, Stan Winnie, Tom Morrissey, George Hendrickson, Ted Young, Ed. Lary, and Art Marden. These same men will be busy for the next couple of weeks preparing for the State Volley Ball Tournament which will be held in the Kingston armory April 21. Amsterdam and Gloversville are both eligible, and the Brooklyn Centrals have already entered.

FOUR NEW MANAGERS WILL OPEN SEASON

New York, April 10 (AP).—Four major league managers start the 1928 season by making their debuts as pilots of the clubs they head and two of them never have managed big league outfits before.

Jack Slattery of the Boston Braves and Burt Shotton of the Phillies are real freshmen, breaking in as bosses in the National. Both were major league players in their day. Slattery was a catcher and Shotton an outfielder.

Bill McKechnie is starting all fresh as manager of the St. Louis Cardinals where he was a coach and assistant manager last year but he was manager of the Pittsburgh Pirates in 1925 when he won a pennant championship.

Roger Peckinpaugh, the only new manager in the American League, has succeeded Jack McAllister as director of the playing end at Cleveland. Peck managed the New York Yankees for a time when they were known as the Highlanders. Peck was an infielder then and will play again if the occasion seems to justify it. He has no designs, however, on the position of Bucky Harris, who was his team-mate at Washington, as the only regular playing manager left.

TOURNAMENT DEADLOCKED AS HOPPE LOSES MATCH

Chicago, April 10 (AP).—Another upset has deadlocked the leadership in the National Three Cushion Billiard tournament. It came last night when Willie Hoppe lost his first match in five starts to 26 year old Earl Lookabaugh, 50 to 30, in 53 innings. The defeat placed him into a tie for first with John Layton of St. Louis.

Converting Hoppe's numerous safety shots into points and playing a spectacular game, Lookabaugh led all the way. He is considered out of the championship, however, as he has lost three of the six matches he has played.

Gus Copulos advanced to third place last night by defeating Allen Hall, 50 to 45, in 61 innings. The defeat shoved Hall from a tie for third place to a tie with the defending champion, Otto Reiselt, for fourth position.

Hoppe's defeat raised the hopes of Reiselt to defend successfully his title. With two defeats and three victories, he will play Hall in the feature match tonight.

Canzoneri-Sangor Bout June 21.

Chicago, April 10 (AP).—Promoter James Mullen announced today he had arranged with Tony Canzoneri of New York, world's featherweight champion, to defend his title against Joey Sangor of Milwaukee in Chicago this summer. Mullen said he expected to hold the match on or about June 21.

32 Rounds on Armory Card

The American Legion boxing show under the auspices of the First Battalion, 156th Field Artillery, at the armory on Friday night, April 13, will get underway at 8:45 o'clock. There will be 32 rounds of battling according to the schedule and judging from present ticket sales there will be a record attendance to witness what is advertised as "the best boxing show of the season."

The main attraction between Frankie Konchina and Oscar Pulz will go eight rounds. These two scrappers met here at the last show and Konchina received the decision which met with disapproval as far as most of the fans were concerned. There will be action galore at the next meeting according to the boys who will participate.

Two six rounders will be on the card. Stanley Stevens of Newburgh will meet the fast stepping Joe Grant of the 369th Regiment, New York city. Tommy Karakos will meet Georgie Forbes in the other sextet of stanzas.

In three four rounders the following will be opponents: Roy Van Buren of this city vs. Enrico Savordo of New York city; Dewey Van Buren, local scrapper, vs. Oscar Bernard of the Metropolis and Eddie Mays vs. Roy McMahon, both of New York city.

K. H. S. Varsity In Stiff Workout

Kingston High School's varsity baseball team was given a stiff workout under the direction of Coach Kias at the Fair Grounds Monday afternoon. Part of the session consisted of a seven-inning tilt with the seconds in preparation for the first game of the season with Highland High School on Wednesday, April 18.

Paul Joyce, last year's mound ace, hurled five innings of the contest for the varsity. The final two were finished with Roger Saunders on the hill and they showed up real well. Eymann, who started the game for the seconds, was replaced by Wilber in the fifth stanza. Both pitchers displayed that they have the goods and probably will play a big hand in keeping the varsity in shape.

Miller at shortstop for the varsity displayed some pretty infield playing. Frank Brennan held down the first sack berth in good form during the game.

WALES FALLS TWICE BUT IS UNINJURED.

Flagg Moor, Derbyshire, England, April 10 (AP).—The Prince of Wales fell twice while riding in the high peak hunt point-to-point race today. It was his 27th fall.

Riding his mare, Miss Gris, the Prince took the first three fences in good style, but the mare took off badly at the sixth fence, stumbled and threw her royal rider over her head.

The Prince caught her, remounted and continued in the race, but at the last fence was again thrown. He was not hurt in either fall.

SAUGERTIES FANS TO SEE GOOD GAMES

The Bushwicks of Saugerties will open the season Sunday, May 6, with Al Duffy's All-Stars of Rensselaer. The fans of the national sport in Saugerties, who are showing much enthusiasm this year, will be furnished with plenty of good games. Teams from the following places have been booked to meet the Bushwicks this season: Rensselaer, Albany, Newburgh, Brooklyn, Gloversville, Schenectady and New York.

Connie Mack Selects His Team for 1928

Connie Mack, manager of the Athletics, announced the makeup of his 1928 team, comprising ten pitchers, three catchers, seven infielders and five outfielders.

His outfielders will be Ty Cobb, Tris Speaker, Al Simmons, Bing Miller and Walter French. In addition to these he will keep a string attached to Lebourveau, Haas and Harris.

The infielders to stick are Collins, Hauser, Bishop, Hale, Boley, Dykes and Hassler. Cochrane, Perkins, and Fox will hold over as catchers.

The pitching sureties are Grove, Walberg, Orwoll, left handers, and Ehmke, Quinn, Rommel, Bush and Johnson, right handers. Two will be chosen from among Powers, Shores, Jennard, Foster, Davey, Lyons and Blake.

TWO NEW MEMBERS OF CANADIAN DIPLOMATIC CORPS

Ottawa, Ont., April 10 (AP).—The Canadian diplomatic corps which was started last year when Vincent Massey, the Britannic Majesty's Canadian Minister to the United States presented his credentials to President Coolidge, is to be augmented this year by the addition of two new ministers.

Some time this year Canadian ministers will present their credentials to the President of France and the Emperor of Japan. These ministers will be under Canada's Department of External Affairs, over which the Prime Minister himself presides.

This expansion is in accordance with the policy of the present government of placing increasing emphasis upon the work of the Department of External Affairs. The appointments have not been made without opposition. In both the House of Commons and the Senate the creation of legations abroad has been the subject of heated debates.

Opponents of the policy have argued that the British diplomatic service has adequately represented the Dominion since colonial times and that the sending of Canadian ministers to foreign capitals is unnecessary duplication as well as an added expense. Opposition has been overcome, however, and the new policy has been launched.

The government made it clear that the opening of legations abroad does not mean that Canada proposes to exchange ministers with all foreign countries. Ministers are being sent only to countries with which Canada has had the most immediate contacts.

The Dominion has been represented in France for many years by a "Commissioner General," but according to the Prime Minister's statement, it was found that his post did not give him sufficient rank adequately represent his country in a capital where ambassadors and ministers took precedence in official matters.

Canada and Japan have many other subjects of mutual concern, and the importance of which is so far that the Canadian government felt that a minister at Tokio would more suitably represent the Dominion in the capital of Japan than the old method of communication through the Paris ambassador. Canada has had the most amicable relations with Japan on several matters which recently have been settled by sending a special commissioner to that country. The question of "gentlemen's agreement" regarding immigration was reached in this manner.

The new posts are as yet unfilled, but it is said on good authority that the appointments will be made before the end of summer. The estimates for the current fiscal year which are now before parliament, contain items of $50,000 for the Washington, $25,000 for the Paris legation, and $50,000 for the one at Tokio.

Oakwood Lacks Hitters.

According to Coach Tabor, of the Oakwood prep school athletic teams, the prospects of a bright baseball season for the institution are dimmed by the lack of batsmen. The first practice session has not been held as yet but it is expected that diamond performers will be picked from the basketball and football teams.

Highland Won 6, Lost 5.

The Highland High School basketball team closed its season this year with a total of six games won and five lost.

THE TRAGEDY OF MANY LIVES IS CONSTIPATION

Guard against it in time

This evil scourge ruins thousands of promising men and women. It saps vigor. It kills initiative. It wrecks health and happiness. Sleepless nights, dragging feet, headaches, pain-dulled eyes, follow in its wake. Frequently it leads to lasting and serious disease.

Yet there is safe, prompt relief. Kellogg's ALL-BRAN is guaranteed to relieve constipation. To surely prevent it. ALL-BRAN is 100% bran—100% effective. Doctors recommend it. Two tablespoonfuls daily — chronic cases, with every meal.

Don't you agree it is better to cure constipation with this healthful cereal than to try dangerous pills and drugs? Or uncertain part-bran products? Delicious with milk or cream—fruits or honey added. Use it in cooking too. Sprinkle it into soups. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Noted Jesuit Missionary Dead.

Pendleton, Ore., April 10 (AP).—The Rev. Joseph Cataldo, aged Jesuit Missionary and founder of Gonzaga University, who for 75 years was the trusted emissary of Indians and white men of the northwest, died here yesterday. Born on the Island of Sicily March 27, 1837, he entered the Jesuit order in 1852. Soon after his ordination he came to America and prepared for missionary work among the Indians.

Financial and Commercial

New York, April 10 (AP).—Reactionary price movements predominated in today's stock market, although pools succeeded in lifting more than a score of issues to new high records. Trading was not as broad nor as active as it was yesterday, although sales crossed the 2,000,000 share mark again before the end of the third hour.

Further calling of about $25,000,000 in bank loans, and the higher renewal rate for call loans led to extensive profit taking in several of the recent speculative favorites, and also some short selling.

U. S. Cast Iron Pipe, which soared 47 points yesterday and lost all but 18 points of its gain, fell back nearly 8 points on realizing in the noon selling movement. Wright Aeronautical broke 5½ points and Radio, Houston Oil, Anaconda, Greene Cananea Copper and American Linseed, other recent speculative favorites, sold down 3 points or more.

Steady accumulation was noted, however, in several low priced and non-dividend paying issues in which special developments are believed to be pending. American Zinc common and preferred, American Metals, Graham-Paige, Third Avenue, American Druggist Syndicate, Mexican Seaboard and Davison Chemical were among the outstanding strong spots.

Rails yielded with the industrials, Pittsburgh and West Virginia broke from an early high of 156 to 159, or 3 points below last night's close, and Chesapeake and Ohio, Union Pacific, Reading, Louisville and Nashville and Western Maryland common sold off 2 points or more.

Eleanor Elizabeth Avery, only daughter of Mr. and Mrs. Martin Avery of Connelly, was united in marriage to Joseph J. Mendock of Catskill by the Rev. John P. Neumann, at St. Peter's Church Sunday. Francis N. Avery acted as best man while Mrs. J. Fisher was bridesmaid. After a wedding trip to Philadelphia, Jersey City and other points of interest in the locality of the two cities, Mr. and Mrs. Mendock will reside at Catskill.

Twentieth Century Club.

On Monday afternoon the members of the Twentieth Century Club met with Mrs. Safford at her home on Tremper Ave. Following the drawing of subjects for next year, two papers were given. Mrs. Everett had an excellent and thought-provoking paper on "Leaders in Germany Today," and "The Italian Premier, Mussolini," was the subject of another very interesting and informing paper given by Mrs. Van Ingen. The last meeting of the season of the Twentieth Century Club will be held on April 23, with Mrs. Allen, and at that time officers for the coming year will be elected.

Former Napanoch Nurse To Wed

New York, April 9—A marriage license was issued at the Municipal Building here today to a former resident of Napanoch N. Y., Miss Elizabeth C. DuVall, 31, a nurse, of 42 Gramercy Park, New York, to wed Joseph A. Newland, 31, a teller, of 185 Haveloch street, Toronto, Ont. Their marrage will take place in June at the Little Church Around the Corner with the Rev. Randolph Ray as the officiant. Miss DuVall was born in Napanoch and is the daughter of Frederick W. and Elizabeth Schoonmaker DuVall. Mr. Newland who is the son of Alexander and Mary Black Newland, was born in Toronto.

Monday Club Hears of Porcelain.

The members of The Monday Club were entertained on Monday afternoon at the home of Mrs. William M. Davis on Johnston avenue, when Mrs. Davis presented Dr. Lucy Textor of Vassar College, who spoke to the club members and a few guests on "Chinese Porcelains", this club having made a study of China this past season. After giving a bit of the very earliest history of porcelains especially among the Portuguese, Dr. Textor defined porcelain as a translucent or semi-transparent pottery. Some of the finest of the Chinese porcelains date back into the Sun dynasty, early in the tenth century. Dr. Textor described the making of the porcelain base from powdered granite into a creamy paste, which was known as "creamy glaze". It has never been excelled. The celadon glaze was a light green or grayish green in color. "Under-glazing", a most remarkable process was also described with the decorating done before the glazing is applied so that it has a shadow effect when completed. The marvelous cobalt blue bought by the Chinese from the Persians for twice its weight in gold is no longer to be found anywhere.

After telling of the base or form of the porcelain, Dr. Textor very interestingly told of the decorating as to designs, and then took up the subject of coloring. It was of great interest to learn that the colors used were all from the oxidization of some mineral, the different colors and shades of coloring, etc., being brought about through differing degrees of exceedingly high temperatures used in the baking processes.

The beauty of glazing was further enhanced by enameling on the glazing while the so-called "egg-shell" porcelains were produced by grinding out all of the clay but the outside glazing.

The imperial factories with their hundred ovens and employing a million workers to produce porcelains just for imperial orders went out of existence when there was no longer an emperor and in many other ways it was shown that western influence had tended to a deterioration in the excellence of Chinese porcelains.

Following the closely followed talk, several pieces of Chinese porcelains of various sorts belonging to club members or friends were shown and then afternoon tea with Chinese dainties was served by the hostess.

Ford Coupe Stolen

It was reported to the police department this afternoon that a Ford coupe bearing license number 8x217 N. Y. had been stolen from in front of the Mitchell House on North Front street about 1 o'clock. It was owned by P. G. Lee of Middletown.

WYOMING CONFERENCE TO OPEN WEDNESDAY.

Johnson City, N. Y., April 10 (AP).—Fifty pastors and candidates today began their annual examinations in conference study courses which preceded the opening of the 77th session of the Wyoming Conference of the Methodist Episcopal Church in the Sarah Jane Johnson Memorial Methodist Church here tomorrow. The examinations were presided over by the Rev. David L. MacDonald, pastor of the Simpson Methodist Church at Scranton, Pa., who is chairman of the board of examiners for this conference.

Among the candidates were two women pastors. Mrs. Leona Slaght Sherman is completing her third year as pastor of the Methodist Church in Harford, and Mrs. Anna Carson is completing her second year as pastor of the Methodist Church of Flemingville. They took the examinations for local preachers.

Bishop Joseph F. Berry, who will preside for the last time at the conference before retiring at the general conference in May, presided at a meeting of the district superintendents in his new home in Binghamton today. The meeting was called to consider the appointments of pastors for the coming year. The appointments will be read at the closing session Monday.

NINE CANDIDATES IN NORTHERN CONFERENCE

Watertown, N. Y., April 10 (AP).—Two hundred Methodist ministers registered here today for the annual session of the Northern New York Conference of the Methodist Episcopal Church which will open formally tomorow.

Today was given over to examination of candidates for admission to this conference. Two local preachers and seven traveling preachers who have not yet been ordained are included in the candidates.

Most of the laymen in the Conference are expected to arrive tomorrow. The annual session of the board of examiners of the Conference was held today.

ST. JOSEPH'S HALL FULL OF LAUGHS TONIGHT

A good laugh beats a beauty parlor all hollow when it comes to making a body actually look as young as they feel and would like to look. Get young tonight, then at St. Joseph's Hall by seeing those screamingly funny "Fun-making Pickaninnies", do all sorts of stunts. Off stage these funnies are the altar and choir boys of St. Joseph's Church who have been trained by Mrs. Leary. There'll be dancing after the minstrel performance and the entire program, dancing and all will be repeated tomorrow night. Go early and avoid the rush—maybe.

SEPARATE CHURCH AND STATE IN TURKEY

Constantinople, April 10 (AP).—The National Assembly at Angora has unanimously passed a bill separating the church and the state in Turkey.

The measure provides that Islam no longer shall be the state religion and that the deputies and state officials in the future shall take their oath of office on their honor instead of in the name of Allah. It is also provided that the National Assembly shall no longer be charged with the application of Sheriat law—law founded on the teachings of Mohammed and the Koran.

SERIOUS FLOOD DANGER AT WATERTOWN PASSES

Watertown, N. Y., April 10 (AP).—With continued cold weather all danger of a serious flood in this section of the state was believed passed today.

The swollen waters of the Salmon river had gone down two feet and flooded streets were emerging from the water. Several mills between this city and Carthage were still closed, however, as the flood waters had damaged their power plants. The temperature was 35 degrees.

THE JOINERS.

News of Interest to Members of Fraternal Societies.

The Past Councilors' Association of Charles DeWitt Council, No. 91, J. O. U. A. M., will meet Wednesday night at 7:30 in the club rooms. All past councilors are requested to attend.

There will be a regular meeting of Vanderlyn Council, No. 41, at Mechanics' Hall, 14 Henry street, this evening. There will be initiation. Guards are requested to wear white.

Kingston Lodge, No. 979, Loyal Order of Moose, will meet this evening in the lodge rooms on Cedar street. Election of officers will take place and after the meeting a luncheon will be served.

Sisters Nuns for 25 Years.

Corning, April 10 (AP).—Two sisters, both nuns, today celebrated the 25th anniversary of taking their vows. For the last 23 years Sister Mary Beata has taught at St. Patrick's Convent at Corning. Her sister, Sister Mary Cyrian, who is from Geneva, is visiting her here. High Mass was said for them at St. Patrick's.

$25,000 Fire at Hornell.

Hornell, N. Y., April 10 (AP).—Fire of undetermined origin today destroyed the stock of the Freeman Electrical Company with a loss estimated at $25,000. The fire started in the cellar of the building and was not discovered until it had burned its way up into the first floor.

President Asks Appropriations.

Washington, April 10 (AP).—President Coolidge today transmitted to Congress a request for supplemental appropriations totalling $56,897,890, of which $50,000,000 would be used to carry out the alien property act.

Local Death Record

The remains of Robert Genels were interred in the Mountain View Cemetery, Saugerties, Saturday afternoon after funeral services had been conducted by the Rev. W. F. Hersh, of the Lutheran Church of Cementon.

Mrs. William Keenan died at her home in Veteran on Sunday after a protracted illness. Besides her husband she is survived by three daughters, Sarah and Helen of Veteran and Marie of New York, and one son, Joseph T. Keenan of Veteran.

The funeral of Edward D. Mayer, who died in Minneapolis, Minn., last Wednesday, was held from the residence of his mother, Mrs. J. M. Mayer, 11 Cottage Row, this city, Monday afternoon. The Rev. W. H. Pretzsch, pastor of Trinity Lutheran Church, officiated. Interment was in Montrepose Cemetery.

Jeanett, wife of James Cuniff, died at her home in Hurley Sunday, April 8. Besides her husband, she is survived by five daughters, Mrs. Teresa Sculley and Mrs. Anna Sculley of Hurley; Mrs. Ida Gardiner, Mrs. Mamie Morris and Mrs. Marie Blackman of New York city; two sons, John Leonard and James Leonard, of Hurley, and one brother, Cole Ellsworth of this city. Funeral from St. Joseph's Church at 9 a. m. Wednesday. Interment in the family plot at Hurley.

Richard E. Coon, 73, prominent in public school and church activities in southeastern New York for more than 40 years, died Monday at his home in Poughkeepsie after a year's illness. He was widely known as a speaker at school assemblies, teachers' institutes, parent-teachers' gatherings, church services, luncheon clubs and public school commencements. Funeral services at the home, 21 Balding avenue, Thursday afternoon at 2:30 o'clock. He leaves a widow, a son and daughter and two grandchildren.

The funeral of Susan Crispell, who died here Thursday of last week was held from the chapel of Wolf & Scanlon, 340 Broadway, Saturday at 1:30 p. m., and at 2 o'clock at the Foxhall Avenue A. M. E. Zion Church. The services were conducted by the Rev. Mr. Proctor, pastor, assisted by the Rev. Mr. Clarke, pastor of the Franklin Street A. M. E. Church. A profusion of beautiful flowers attested to the esteem in which the deceased was held. Interment was in the family plot at Ashokan, where the Rev. Messrs. Proctor and Clarke conducted the commital service.

Harry C. Lowe, a highly respected citizen of this city, died Monday evening following a long illness. Mr. Lowe was born in Esopus, the son of Abram and the late Nettie Elmendorf Lowe, and came to this city where he had made many friends. He was a loving husband and father and will be missed by all who knew him. He had long been a member of Cordts Hose Company. Besides his wife, who was Edna Fredericks, he leaves three sons, John, Eugene and Harry; five daughters, Florence, Edna, Frances, Helen and Rita Lowe; his father, Abram Lowe; two brothers, Charles and Abram Lowe, Jr., and two sisters, Mrs. Simon Chambers and Mrs. Arthur Brew, all of this city. Funeral from his late home, No. 53 Tompkins street Thursday afternoon at 1:30 and at 2 o'clock at the Congregational Church at Ponckhockie. Interment in the family plot in Mount View Cemetery at Ulster Park.

In Memoriam.

In remembrance of Mrs. Pauline Zeidler, died April 10, 1918.

When the evening shadows are falling,
And we are sitting all alone,
In our hearts there comes a longing,
If our mother could come home.
Oft my thought do wonder,
To her grave not far away,
Where we gently laid our dear
Mother just ten years ago today.

News of the Day In Wall Street

New York, April 10 (AP)—Combined net profit of Brockway Motor Truck Corporation and Indiana Truck Corporation for 1927 was $1,205,... against $1,624,82.. the year before. Net sales were $15,127,667 against $15,576,949 in 1926.

The general business situation appears to have changed slightly for the better during the past month, says the American Bankers' Association Journal in its current business analysis, but adds that a cross-section of the entire industrial picture impresses with the unevenness of conditions. "The outlook is uncertain both as to the immediate and more distant future. Reports generally agree that business is only fair and no material broadening of activity has as yet developed."

First quarter sales of National Tea Company were $20,044,400, a gain of 45.7 per cent over the first quarter last year.

Melville Shoe Corporation's sales for the first quarter rose to $4,256,369 from $3,175,131, a year ago.

Olds Motor Works division of General Motors plans output of 10,500 cars in April. Shipments in March of 9,080 vehicles established a record.

CITY NOT RESPONSIBLE FOR MUDDY WATER SUNDAY

Although the waters of Esopus creek near Phoenicia were too muddy for successful trout fishing on Sunday the condition was not caused by turning the waters of Gilboa reservoir into the creek, as stated in The Freeman Monday, according to New York city officials, who say the Shandaken tunnel has not been open since March 26. The heavy rain just after Saturday midnight probably caused the muddy condition, and it may be several days before the creek returns to its usual transparency.

EMANCIPATION OF MEN FROM FEMINIST DOMINATION

London, England, April 10 (AP)—The enfranchising of all women at ... has brought into existence ... "Fifty-Fifty League" whose ... want to do something to ... of men voters in a ... the United Kingdom.

... is for "the emancipation ... from feminist domination ... has issued a manifesto ... "The Sex War."

... contend that, as women ... in a position to dictate ... policy, they must be ... the logical consequences.

The manifesto therefore demands that ... political power in ... is transferred from men to women.

(1) Women shall be liable to military conscription on exactly the same terms and conditions as men are or may be liable thereto.

(2) All sex privileges, concessions, and immunities presently enjoyed ... shall be withdrawn.

(3) All laws and practices which relieve women of the economic consequences of their acts, shall be annulled.

(4) The marriage laws and all customs and usages which arise therefrom shall be rectified.

CONTINUE DRIVE TO WIPE OUT DIPHTHERIA

The protection of at least 300,000 children against diphtheria each year for the next three years by means of toxin-antitoxin treatments is announced as a goal for the completion of the five-year state campaign, outside of New York city, by the State Diphtheria Campaign Committee.

Thus far in the project 441,000 children—217,000 in 1927—have received the toxin-antitoxin treatments from physicians in their offices or at clinics.

"Emphasis for the next three years must be on securing the protection of the child under five," states Dr. Edward S. Godfrey, Jr., Director, Division of Communicable Diseases of the State Department of Health. "The majority of the children receiving toxin-antitoxin thus far have been of school age, but of the 300,000 goal for this year, there should be approximately 200,000 children under five years, the most dangerous age for diphtheria."

The effort to wipe out diphtheria in the state is supervised by a conference committee representing the State Departments of Health and Education, State Medical Society, Metropolitan Life Insurance Company, and the State Committee on Tuberculosis and Public Health.

Passerini Opens Market.

Dick Passerini, who has been engaged in the fruit, vegetable and fish business here for some time, has opened a market at 436 Hasbrouck avenue, where the Rodger's dairy was formerly situated. Mr. Passerini started the market owing to his increasing trade and will hold special fish sales on Fridays. He will wholesale and retail the article with fruit and vegetables.

Firemen's Masquerade.

A masquerade dance will be held by Weiner Hose Company, No. 6, at the White Eagle Hall, Delaware avenue, Monday night, April 23. A grand march will start at 10:30 o'clock. There will be prizes awarded. Refreshments will be served.

Physicians Advise Hemo-Liver for Thin-Blooded Folks

Full of the Newly Discovered Vital Element or Red Blood-Making Vitamines Extracted From Beef Liver.

Not a Patent Medicine

The name of the new product that is doing so much for weak anemic people is Hemo-Liver and it can now be obtained from any druggist who keeps abreast of the times, with the distinct understanding that if one bottle doesn't improve your health wonderfully—the purchase is returned.

A big 12-ounce bottle of Hemo-Liver lasts eight days and one tablespoonful is a dose and as one Doctor remarked "You'll have to eat a lot of liver before you get as much of the red blood making elements as you get in one tablespoonful of Hemo-Liver."

Men and women who are suffering from lowered vitality, general weakness, overwork, nervous breakdown or anemia can put their faith in Hemo-Liver. For feeble old people, girls 14 to 18, and in convalescence it won't fail. It strengthens the nerves, increases the red blood cells, promotes health and rebuilds energy so quickly that often physicians are astonished.

You can get Hemo-Liver at McBride's (3) Drug Stores.

Local Talent at Ball Appreciated

Large Crowd Enjoys Benedictine Ball at Armory Monday Evening—Entertainment and Dance Music by Local Talent Pleased All.

It is long since the armory has presented as attractive an appearance as it did Monday evening, the occasion being the annual Benedictine Ball. Although there was a splendid crowd out, the arrangement of seats, etc., left space for comfortable dancing for all. The entertainment put on by local talent made the spectator feel that instead of importing talent, Kingston would soon be in a position of being able to send out talent to other cities.

The lighting effect was unusual and remarkably good, there being one large, central overhead light that had the effect of a spotlight on the sole performers. From this light there were hung radiating streamers of lavender and purple, and the austere side walls were completely hidden by a fringe-like arrangement of the same sort of streamers, extending from ceiling to floor. The two orchestras, Zucca's and Erne's, faced each other on palm decorated platforms on the sides of the armory. A miniature palm garden ran along the uptown side of the building from the orchestral platform to the refreshment booths. Here, besides the palms, were pretty porch chairs arranged where the Ladies' Auxiliary officers, Mrs. Joan D. Goldrick, president, and members of the hospital staff, held a reception of the guests, and as part of the garden was the inviting lemonade booth. Clusters of cherry blososms decorated the refreshment booths and the flower booth to and from which, the flower girls like fairies flitted to and fro, was its own decoration in great measure, with palms for the background.

At half past eight o'clock the promenade concert began with numbers played by Zucca's and Erne's orchestras and an exceedingly pleasing musical program it was. Certainly Kingston may well be proud of these two orchestras both because of their musical excellence and their skillful playing of dance music.

Mr. Zucca acted as announcer—broadcaster if you choose—when the program of the entertainment was presented.

The first number was a toe dance by Little Marjorie Lockwood—pupil of Vincent Van Bramer—who in her costume of a daffodil was both graceful and picturesque.

A tango by Vincent Cataldi and Helena Snow, pupils of Mme. Lorenz, was a very pretty dance with the performers in Spanish costumes.

An astonishingly clever and difficult but well given acrobatic dance was given by Ella Mae Longton, pupil of Van Bramer, who appeared in a demure costume of deep rose and gilt banding. She received much applause and gave an original number as an encore.

Kingstonians next had the pleasure of hearing Zaren E. Melik, the young Russian lasso who has received much favorable comment in New York city, sing "The Two Grenadiers" and "The Song of the Volga Boatmen", with "A Latin Song" as an encore. All were sung in the Russian language, and Mr. Melik, who was accompanied by Prof. Charles Z. Schutte, was heartily applauded.

Another enthusiastically applauded number was a Russian dance, given in costume by Vincent Cataldi, pupil of Mme. Lorenz.

One of the best numbers of the evening that would have done credit to a New York stage was a ring dance, "Waltz", given by Lillian Woerner and Roger Keough, pupils of Van Bramer. It was snappy, graceful, clever, and in response to the continued applause Miss Woerner gave her interpretation of the same number as a toe dance, and then Roger Keough gave it "Up-side-down" most cleverly.

The program came to a close with a group of tenor songs given by a former Kingstonian, Frank Hart, accompanied by Miss Margaret Spotz. Of all the songs sung pleasingly by Mr. Hart, the big audience was most enthusiastic over his singing of "The Low-back Car". Many local friends of Mr. Hart and Miss Spotz were present, who congratulated the couple personally during the assembly dancing.

At the close of the program the floor was filled with dancers affording a charming picture as the costumes worn by the young women—and they were all young apparently—was lovely and colorful to a degree.

As the result of this delightful affair the Benedictine Hospital is sure to receive a goodly sum with which to carry on its philanthropic and merciful work.
